

HORACE JONES IS ARRESTED AS A SLACKER

Is Held in Bellefontaine, Ohio, on Instructions From Local Conscription Board.

GIVES HIMSELF UP THERE

Board Wires State Conscription Agent For Instructions Regarding the Case.

WANTED SINCE EARLY AUGUST

Jones Gave no Address on Registration Card—Failed to Appear When Called.

Horace Jones of this city is under arrest in Bellefontaine, Logan county, Ohio, as a slacker, according to word received today by the Rush county army selection board, which immediately wired Jesse Eschbach, state conscription agent for instructions as to how to proceed.

The board received a wire from the Logan county army selection board late yesterday, saying that Jones had appeared before the board and declared that he had heard that he had been called for physical examination by the Rush county board on August 5.

The Rush county board wired instructions to arrest him as a slacker and the Logan county board replied with a wire this morning that their instructions had been followed.

The Rush county board decided to prefer a slacker charge against Jones because of his actions in regard to the operations of the conscription law. The board is convinced that Jones could have learned some time ago that he was called up for physical examination if he had taken the trouble to investigate.

It is the opinion of members of the board that Jones decided he would be caught eventually and that he should give himself up with the hope that the army authorities would probably be lenient with him.

ANDERSON BOY SENT HOME BY THE POLICE

Oversensitiveness Causes Carl Schmidt, Age 15, to Run Away Monday—Walks Here

"JOSHED" BY SCHOOLMATES

Oversensitiveness was responsible for Carl Schmidt, age fifteen, high school student of Anderson, running away from home Monday morning. He appeared at police headquarters yesterday evening about five o'clock and his demeanor immediately aroused the suspicion of Chief of Police Yakey. He looked penitent and the police chief suspected he had run away from home. The boy was taken up to the mayor's office and questioned by the chief, who learned his story. Chief Yakey telephoned the boy's father, John Schmidt, who wired his son a railroad ticket today and the boy returned home.

According to the boy's story, he could not withstand the joshing of his schoolmates and left school about eleven o'clock Monday morning, starting down the Big Four railroad. He walked all the way here, a distance of forty miles, Monday afternoon and Tuesday. Young Schmidt stayed all night with a farmer near Shirley Monday night. The police gave him his supper and breakfast and a place to sleep last night. The boy was well dressed and of good appearance.

HIGH SCHOOL BOY DEAD

Hobart Engle, Member of Arlington Band, Dies at Morristown

Hobart Engle, age eighteen years, Morristown high school student, died last night of pneumonia. He had been sick only one week. Engle was well known in this county, having played in the Arlington band. He was a senior in high school and a member of the basketball team. He was a son of Mrs. Margaret Engle and besides his mother, is survived by three sister and two brothers, one of whom is in the United States marines.

RED CROSS WILL ELECT TOMORROW

New Officers Will be Selected at Meeting of Board of Directors Thursday Night

NO QUORUM PRESENT TODAY

Chapter Represented at State Meeting and E. B. Thomas Tells of Local Organization

The directors of the Red Cross society will meet in the headquarters at the Masonic temple tomorrow evening for the purpose of electing officers for the local chapter for the coming year. The meeting was to have been held this afternoon, but due to the inclemency of the weather, a quorum was not present, and the meeting was postponed.

Great inspiration was derived from the Indiana Red Cross meeting held at the Claypool in Indianapolis Tuesday by the officers of the local chapter who attended. E. B. Thomas, chairman of the chapter, Robert Mansfield, chairman of the executive committee, and Mrs. Harrie Jones, secretary of the chapter, attended.

The horrors of the war and the great work Red Cross is doing were brought out in the powerful addresses made by James R. Garfield of Cleveland, Ohio, Dr. Allan McCrossie of New York who recently returned from France, and Charles Edward Russell, who was with the Russian Commission, headed by Elihu Root.

A helpful part of the meeting was the informal discussion following the addresses. During that time E. B. Thomas of this city gave a short talk which brought out some of the excellent points of the organization of the Rush county chapter.

It was urged at the meeting that the knitting work be continued throughout the winter for a long war was anticipated by the speakers.

The supply of yarn at the local headquarters is exhausted at present.

The bandage classes, since the illness of Mrs. A. G. Reeve, are in charge of Mrs. A. L. Gary and several assistants. Workers are needed for this work and are urged to attend the classes on Monday, Wednesday and Friday afternoons.

The New Salem auxiliary has recently elected a new chairman, Mrs. Hattie Barber. Miss Edna Taylor, the former chairman is a school teacher, and resigned when school began. Formerly, the workers met in the school building, but of course the place of meeting had to be changed. On Friday, an all day meeting of the New Salem auxiliary will be held at the home of Mrs. Colvin. Sewing and knitting will be done all day and at noon, the ladies will have a pitch-in dinner. A request for three knitters from this chapter has come from the New Salem ladies to instruct them in the making of the knitted articles. Mrs. J. C. Sexton has offered her machine in which the ladies will make the trip to New Salem and spend the day.

WHEATLESS DAY OBSERVED TODAY

Pledge Cards Are Not Being Signed As Well As Had Been Hoped By Those in Charge

GERMAN PROPAGANDA

Indianapolis, Ind., Oct. 31.—Reports of organized German propaganda to discourage the signing of food conservation pledges and the following of the conservation program were received today from the federal food administration at Washington by state officials. The State Council of Defense took the matter under consideration.

Lessons on Food Conservation were started in the public schools today and each child was given a Food Conservation card to take home and return signed. Hereafter for a time, the school children will be given a period each day to devote to the study of the proper conservation of food. This course of study is included in the 10 lessons on Food Conservation issued by the government. Bringing to school, a card signed, entitles the child to the window card, the "Kitchen Creed", and the ten lessons on conservation for home use. The purpose of the week and the necessity of conservation has been explained carefully in each room and objections raised by the children to the methods suggested are answered by the teachers.

Practically all of the hotels or restaurants are partially observing "Wheatless Day" today as Wednesday of each week has been set aside for this. Although they did not start today serving wheatless bread exclusively, the probabilities are that the change will come gradually. The grocers say they have noticed for the past few days the increase in the sale of cornmeal and bran and other substitutes for wheat. Not as much white bread as usual was sold today, by the local dealers. One restaurant man said that starting next Tuesday, he expected to serve meatless meals on Tuesday of each week, substituting fish, fowl and oysters.

The Food Conservation cards being offered in the down town stores to the women who are asked to sign, are not being signed as well as has been hoped by those in charge of the Food Conservation week. A number of women do not understand that in signing the cards they merely pledge

WILL ANSWER CALL FOR MORE SHIPPING

United States Shipping Board Will Deliver 7,500,000 Tons Next Year

MEETING OF BUILDERS TODAY

(By United Press.)

Washington, Oct. 31.—In answer to the allies call for 6,000,000 tons of new American shipping in 1918, Chairman Hurley of the United States shipping board today said the country's yards will deliver 7,500,000 tons.

A meeting of representatives of all steel ship building plants on the Atlantic coast was held here today. Hurley called upon employers and employees to make all possible haste. Admiral Capps, general manager of the emergency fleet corporation, assured the ship builders that red tape would be cut out in the future.

Carlos Higgs will spend the evening in Greensburg.

SUPPLIES BEING RUSHED TO ITALY

Allies Are Thoroughly Awake to Critical Danger Caused by the German Drive

AMERICA EXTENDS HER CREDIT

Danger of Civilian Disaffection is Rapidly Disappearing—Pacifism Overcome

(By United Press.)

ITALIAN RETREAT ORDERLY.
Rome, Oct. 31.—The Italian retreat to prepare positions continued in an orderly fashion, today's official reports asserted. Bravery of the troops permitted the disposition of Italian forces, according to strategic plans.

ALLIED TROOPS TO AID.

(By United Press.)
Paris, Oct. 31.—French and British armies are rushing to the aid of the Italians.

Paris expects one of the greatest battles of the war to be fought on the plains of Italy.

M. Jules Camdorn, minister of foreign affairs, expressed his firm conviction that the Italians with the allies would succeed in stopping the Austro-German invasion.

Washington, Oct. 31.—Gigantic supplies, money, munitions, fuel and food are being rushed to Italy today to help Gen. Cadorna stem the Teuton invasion. All the allies are thoroughly awake to the critical danger in Von Mackensen's big drive and are pushing aid from all quarters.

This government has decided to extend Italy's credit \$230,000,000 immediately. Grain and coal are already enroute to help the civilian population and assist Italy in maintaining the morale of the people.

France is sending guns to Gen. Cadorna.

Dispatches indicate that the danger of civilians disaffection is rapidly disappearing under the stress of the common danger. The pacifist element upon whom blame for disintegration of some of the Italian troops is placed, is now said to be throwing its weight into the balance to push the war.

With the arrival of coal from this country the Italian munition factories many of which have either been idle or greatly incapacitated because of the lack of coal will be able to resume work. The belief here now is that if Cadorna can check Von Mackensen for a week at the Pagliamento, the crisis will have been successfully passed and reinforcements of allied troops, munitions and other supplies will turn the tide.

GRANTS RIGHT TO REVOKE DISCHARGE

State Conscription Agent Authorizes District Appeal Boards to Act

APPLIES NOT ONLY TO FARMER

(By United Press.)

Indianapolis, Ind., Oct. 31.—District appeal boards of Indiana today were authorized by Jesse Eschbach, state conscription officer to revoke the discharge from army service granted any farmer, farmer's son, or any other man who has been exempted from the draft, if the father or son has refused to give "reasonable financial aid to the Liberty Loan, Red Cross and other war work."

Eschbach stated that his attention had been called to cases, particularly by the Fort Wayne board where farmers whose sons had been exempted refused to give aid to other war work.

The same principle will be applied to men in other lines of work.

MRS. N. F. STEWART IS DEAD

Former Rushville Woman Expires at Odd Fellows Home.

Mrs. N. F. Stewart, about eighty years of age, formerly of this city, died at the Odd Fellows home at Greensburg yesterday. She had been an inmate of the home about five years. She was a resident of this city up to that time. N. F. Stewart, her husband, who was a sewing machine agent here, has been dead seven or eight years. The only known survivor is a niece who lives at Marion, Ind. The remains will be taken for burial to Petoka, Ind., where the husband is buried.

ELEVEN MISSING AFTER B. & O. FIRE

Damage Estimated at \$5,000,000 is Done to Railroad Piers at Baltimore Early Today.

BLAZE STARTS MANY PLACES

Men Seen Running After Explosives Believed to Have Started It.—Ammunition Burned.

(By United Press.)

Baltimore, Md., Oct. 31.—Eleven men are missing as the result of the fire which caused \$5,000,000 damage to the Baltimore and Ohio piers here today.

Guards and firemen stationed at the pier stated that a few seconds before the flames broke out in five sections on the pier they saw what appeared to be rockets going up from half a dozen places. These were followed by explosions and in less than five minutes the entire structure was burning.

Piled on the piers awaiting steamships were many cases of ammunition and food that was to have gone to the armies of America and France.

Police are combing the city for men seen running from the piers shortly after a policeman turned in a general fire alarm. They are believed to have caused the fire.

One man was arrested by authorities in connection with the blaze this afternoon. He is John Whitterman, said to have been seen running away from the pier where the blaze was discovered.

Three bodies of members of the crew of a British ship were recovered.

The crew of a British steamer lying at the pier leaped overboard and it is feared some of them were drowned. A dozen or more men employed on the pier are missing. On one of the piers were some cases of shells which exploded at intervals, leading to rumors that the fire department was using dynamite to check the spread of the fire.

The Baltimore & Ohio grain elevators are but a short distance from the burning piers, which are the main terminal in this country of the Furness-Withy English line of teamers. Pier 8 was the former North German Lloyd pier, at which all their ships loaded at this port. The two piers which are destroyed cost about \$1,000,000 each.

United States secret service men are at the scene investigating rumors that suspicious looking men were seen hurrying from the vicinity a few minutes after the fire was discovered by a policeman. A strong northwest wind swept the flames toward hundreds of small house to the south of the terminal and occupied by the families of workmen on the piers. These people fearing for the safety of their husbands, father and other male relatives employed about the piers rushed in the direction of the fire and struggled with the police in their desperate efforts to cross the cordon.

In the Baltimore & Ohio elevators are large quantities of grain ready

TO PLAN RAISING ENDOWMENT HERE

About 40 Ministers of Indiana Conference of M. E. Church to Meet in Rushville

TO CONVENE THURSDAY NIGHT

Discuss Plans to Raise Half Million For Moores Hill, to be Moved to Evansville

Thirty-five or forty ministers representing this entire conference of the Methodist church, will assemble at the St. Paul's M. E. church here on Friday to make plans for the raising of one-half million dollars of the million dollar endowment to be given Moores Hill College when it is moved to Evansville. The Friday session will be preceded by a meeting Thursday evening in the church to which the public is invited when Alfred T. Hughes, president of Moores Hill college who is said to be an excellent speaker, will make the address.

At the meeting Friday, the campaign will be launched for the moving of the Methodist college to Evansville. The city of Evansville has given 80 acres of ground for the institution and offered one-half million dollars on condition that the other half million is raised for an endowment for the school. This sum will be apportioned among the churches of the conference, which covers the southern part of the state. The time from November 4 to Christmas is given for the raising of the money.

On Sunday, November 4, which is termed as "Launching Sunday," a new face and new voice will be in every pulpit of the conference. Dr. Elbert Zaring, editor of the Northern Christian Advocate, is to preach here both morning and evening. The Rev. Clyde S. Black of the local church has charge of the exchanging of preachers in this district on that Sunday. According to plans, the Rev. Mr. French of Glenwood will go to Morristown and the Rev. Mr. Reed of Morristown will preach at Glenwood. The Rev. Daniel Ryan of Carthage and the Rev. Mr. Westhaver of Arlington will exchange pulpits.

WILL BE OPEN THE LAST THREE NIGHTS

Treasurer's Office Arranges For Convenience of Those Who Can't Pay in Daytime.

\$106,036 TO BE COLLECTED

The county treasurer's office in the court house will be open Friday, Saturday and Monday evenings after seven o'clock for the convenience of those who can not call in the daytime to pay their taxes. On those days the office will close at five o'clock in the afternoon so that the office force will have a chance to check on the day's business. Next Monday will be the last day to pay the fall installment of taxes without going delinquent.

At the beginning of business this morning the county treasurer had \$106,036 yet to collect on the fall installment. An average of more than \$20,000 a day must be paid in order to collect all of the fall taxes on the tax duplicates. The collections to date amounted to \$160,964.25. Collections yesterday totaled \$7,645.36.

BULLETIN

London, Oct. 31.—Dispatches from Amsterdam this afternoon asserted that Count Von Hertling had refused to accept the German chancellorship "because of his inability to secure a majority in the reichstag."

Food Conservation Week

This week has been set aside by the food administration as Food Conservation Week.

The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce.

We are asked especially to substitute for

WHEAT, MEAT, SUGAR AND ANIMAL FATS

Every home in Rush county should begin a system of substitution right now.

Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.

We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.

In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.

For meat you may use fish, poultry, sardines, salmon, nuts and eggs.

For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.

In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.

Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

to save what they can in food stuffs to help win the war. When the purpose of the cards is perfectly understood, no doubt more women will sign them. So many agencies are working throughout the country toward getting the cards signed, that it is almost impossible to get the number handed in each day. Each township is pushing the cause, as well as school and church authorities and the County Council of Defense, through the Psi Iota Xi here.

The national food administrator, Herbert Hoover, is well pleased with the preparation made in Indiana for Food Conservation week and the enrollment of women in the voluntary saving organization. Mr. Hoover expresses his satisfaction in the following telegram just received by Dr. Harry E. Barnard and the Indiana State Council of Defense, through which organization the big drive in Indiana is being conducted:

"As family enrollment week opens I wish to express to you and to the thousands of volunteer workers helping you in your state, congratulations for the effectiveness of preliminary preparations and our gratification over the prospects of the immense success of the pledge card campaign in all parts of the nation. Please assure them that in my opinion no effort exceeds theirs in patriotism or in effectiveness for world civilization, for our success and that of our allies in the war, or for our own welfare. Every day brings added evidence of the truth that food will win the war and of the dire need of our allies for food. If we Americans by a voluntary Democratic effort, all as individuals doing our small part under the Government's direction, save this food to ship to them we shall assure victory for world Democracy against autocracy and be in a position to ameliorate price conditions in the United States and prepare ourselves to cope successfully with the inevitable economic pressure that will follow the war."

"Herbert Hoover."

TRIAL IS POSTPONED.

Case of O. F. Bussard Against J. E. Kirkpatrick is Based on Auto Accident Sept. 15, 1915

C. W. CECIL GETS A DIVORCE

The case of Otto F. Bussard against John E. Kirkpatrick for \$500 damages was being heard by a jury in the circuit court today. The suit is based on an accident September 30, 1915, near the L. E. & W. crossing on the Main street pike north of Rushville, when the automobiles of Bussard and Kirkpatrick collided.

The plaintiff alleges that Mr. Kirkpatrick drove to the left instead of the right when they met and that his machine was over the center of the road. The burden of Mr. Bussard's case, as brought out by witnesses, was that the accident in which his machine was damaged was due to the negligence of Mr. Kirkpatrick. The plaintiff rested at 3:30 o'clock this afternoon and the defense began introduction of evidence.

Judge Sparks today granted a divorce to Charles W. Cecil from Edna M. Cecil, who brought the suit. The costs were adjudged against the plaintiff, Mrs. Cecil, but the husband was ordered to pay \$2.50 a week support money for their year-old baby. The case was heard yesterday.

PLOT TO KILL FIGHTING MEN IS DISCOVERED

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

DISCUSSION — PANCAKES ARE MADE FROM THE DIFFERENT FLOURS OR FLOWERS. EACH PANCAKE IS MADE SEPARATELY BY MAKING A LUMP OF DOUGH, THEN WASHING IN MILK AND IRONING FLAT WITH A FLAT IRON, SAME AS IS USED ON SHIRTS, ETC.

GRIDDLE CAKES
ARE POURED OUT OF A HOT GRIDDLE-IRON AND NATURALLY THEY GET BURNED AND SUFFER GREAT PAIN. THEY ARE SERVED WITH SOOTHING SYRUP, WHICH KILLS THE PAIN.

FLAPJACKS
ARE THE LIVELIEST PANCAKES MADE AND IT'S HARD TO KEEP THEM ON THE FRYING IRON, BECAUSE THEY FLAP AROUND LIKE A FISH.

BUCKWHEATS
THE REAL REASON FOR CALLING THEM BUCKWHEATS IS BECAUSE THEY ARE MADE WITH GOAT'S MILK.

GERMAN PANCAKES
SPEECHEN DEUTSCH? YA! YA!
WHILE GERMAN PANCAKES CAN ONLY BE MADE WITH GERMAN FLOUR, BY A GERMAN WHO WEARS WHITE GLOVES, AND WHICH ARE FREE FROM GERMS.

FRENCH PANCAKES
ARE MADE BY BEATING THREE EGGS UNTIL THEY BECOME THICK AND SPRINKLING WITH SHALLOWS SALTS. FRENCH BLUE AND PUT THEM ON A HOT GRIDDLE TO BROWN. JAM SOME FRUIT JAM IN BETWEEN TWO PANCAKES AND SERVE AS THEY DO IN THE FRENCH ARMY.

Keep all the operations of canning clean and sanitary. A little dirt, a little carelessness, may spoil hours of hot work. Be careful.

American cheddar cheese is a very satisfactory substitute for meat. It can be kept in storage for a long time and contains much food in small volume.

Bicarbonate of soda, which is plain bread soda, is good dissolved in water as a wash for prickly heat. It is also an excellent mouth and tooth wash, neutralizing the acidity of the mouth and keeping it sweet and wholesome.

To freshen salt fish cover with plenty of cold water, allow to heat gradually on the back of the range, then when hot pour off the water and repeat. Then remove fish and skin, bone and flake. Always simmer slowly salt fish.

Cottage cheese is one of the finest sources of protein. If it gets a trifle too hot when cooking or the milk has stood beyond the time when it is just clabbered it will be spoiled for food. Chopped chives or nut kernels are a fine addition to cottage cheese.

Directions For Salting And Smoke Curing Fish

To preserve fish for winter use it may either be preserved in a brine or first salted and then smoked. For curing and packing in brine the fish should be washed in cold water and the head and entrails removed, after which they should be thoroughly rubbed inside and out with fine salt and packed in earthen jars or clean, sweet barrels that have never contained vinegar or kerosene. After the fish have remained in this salt overnight brine composed of fifteen pounds of salt, four ounces of saltpeter and four gallons of water to each hundred pounds of fish should be poured over them. This should be weighted down with a wooden block or clean stone, so that the brine entirely covers the fish, and the jar should be kept in a cool, well ventilated cellar.

For curing and smoking fish, clean as above and pack in salt so that each fish is completely surrounded by the salt and allowed to remain there for fifteen to twenty days, after which all may be hung in the smokehouse and given a heavy smoking with hickory wood. After the smoking the fish should hang so that no two fish touch for at least the first three days, after which they may be placed in a dry, well ventilated place for future use.

Should Clip This Out And Save It For The Election

Voting places at the city election Tuesday, Nov. 6, will be as follows:

First precinct, Catholic church hall.

Second precinct, court house assembly room.

Third precinct, J. Q. Thomas' office.

Fourth precinct, John Sparrier's music store.

Fifth precinct, Mrs. Ford's residence, Fourth and Sexton streets.

Sixth precinct, A. B. Irvin's garage.

The boundary lines of the precincts are as follows so that any voter may be able to tell where he or she will vote:

First Precinct—Bounded on the east and south by the corporation line and on the west and north by a line beginning at the middle of the south end of Perkins street and running north to Sixth street, east to Willow, north to J. M. & I railroad, northeast along the J. M. & I. railroad, northeast along the J. M. & I. to the corporation line and east to the east corporation line.

Second Precinct—Bounded on the south by the corporation line and the west by the middle of Main street. The north boundary is along the corporation line to the J. M. & I. and thence southwest and south along the line described as the west boundary of the first precinct.

Third precinct—All south of the middle of Second street and west of the middle of Main street to the north and west corporation lines.

Fourth Precinct—Bounded on the south by the middle of Second street and the east by the middle of Main street from the middle of second to the middle of Fourth to the L. E. & W. railroad, thence south along that road to the middle of Third street to the corporation line. The west boundary is the corporation line.

Fifth Precinct—The south boundary is from the middle of Harrison street down the middle of Fourth to the L. E. & W., south to Third, west down the middle of Third to the corporation line. The west and south boundaries are the corporation line and the east the middle of Harrison.

Sixth Precinct—All lying between the middle of Main and Harrison streets and the middle of Fourth streets and the north corporation line.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

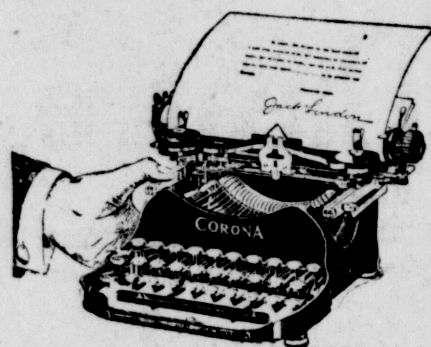

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

The Kaiser's War Loan

Kaiser Wilhelm celebrates the success of the latest German loan in this characteristic telegram to his minister of finance:

"I am pleased highly at the splendid result of the subscriptions to the seventh war loan, and I express to all concerned hearty thanks and congratulations for the successful work. Full of vigor and with a fixed aim before the eyes of the world, the whole German people stands in the fourth year of the war at the side of its heroic sons in the field and beside the imperial government and the army command, ready for sacrifices of blood and treasure until the honor and freedom of the Fatherland is assured against the assaults of its enemies in superior forces."

We might gather from this spirit of jubilation that it's all over but the shouting—that the German loan has been such a tremendous success that the mere moral effect of it will make the Allies lay down their arms and sue for peace.

We notice, however, that this supreme effort of the German government, an effort so strenuous that it meant practically the commandeering of all funds not already squeezed out of German pockets, brought in subscriptions far less than those offered freely in our second Liberty Loan. Also that, co-incidentally with the announcement of this financial triumph, the German mark was reported at a discount of 60 per cent in Swedish exchange. That makes the German loan, which is nominally \$3,107,000,000, worth in reality only a little more than \$1,200,000,000.

Our national conscience is clear, but that is more than can be said of many of the individuals who compose the nation. We'd hate to have our own sins spread broadcast.

About the meanest fellow we know of is the one who sleeps all through the sermon and then refuses to see the collection plate as it passes by.

Any one can wave a flag and whoop-hooray, but it takes nerve and grit to go out and get shot into mince meat for it.

A silent man makes an excellent mate for a talkative woman. There is less chance for a family jar.

Some women have very sweet dispositions, but their next door neighbors seldom know it.

Extra precautions should be taken while fishing. You might hook a submarine.

Cheer up or stay down.

Songs of Sammies

(By United Press.)
American Field Headquarters, France, Oct. 10 (By Mail)—American troops now receiving instruction in modern warfare on French soil have as their instructors a division of the famous French Chasseurs, including even a regiment of Chasseurs Alpins.

The Americans are thus in the hands of one of the most famous "corps d'elite" of the entire French Army. The Chasseurs and, above all, the Chasseurs Alpins, are amongst the few military bodies of Europe who have a tradition to live up to and an "esprit de corps" to maintain that keeps them at all times "up on their toes." The "pep" that results from this they have too the faculty of instilling in others.

These "Chasseurs a Pied" or light foot soldiers have distinguished themselves in all campaigns in which they have participated. In the present war as a corps d'elite they have distinguished themselves particularly on the Yser, at Verdun, on the Somme, on the Hartmannswillerkopf and on the Linge.

There is only one flag for all the Chasseurs battalions. It is already decorated for military valor with the Legion of Honor the Medaille Militaire and the Croix de Guerre. The flag passes from battalion to battalion at regular intervals with a fixed and elaborate military ceremony.

The "esprit de corps" of the Chasseurs is already being instilled by them into the new American troops to such an extent that there is little doubt but the American army will take on many of the military qualities of this famous body. The Chasseur officers are enthused over the manner in which the Americans take to the dash, discipline and military spirit of their own troops, and the Americans in turn are no less proud of having such a famous and crack corps to be their instructors.

Healthy Skin
DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to a drug store and simply obtain a 50c. package of Anuric, (double strength), the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. Anuric will help you, because it flushes the kidneys of impurities. Many times more active than lithia. Dissolves uric acid as water does sugar.

AIR POWER OF
AMERICA FEARED

Prussian High Command Has Given Orders to Conserve Planes, Which Indicates Fear

BRITISH FORCE FIGHTING

Germany Is Putting out Airplanes Rapidly But Not As Fast As Allies

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With The British Armies in The Field, Sept. 28 (By Mail)—Realizing that Germany is facing a Waterloo in the air, the Prussian Higher Command has given orders that battle-planes must be conserved in accordance with the strictest economy lest the ever-increasing Amada or Allied aircraft sweep them from the skies.

German airman seldom venture over the British lines while a strong East wind is blowing. To do so would mean that engine-trouble or any slight derangement of a plane would force a landing on this side of "No-Man's-Land". To the contrary they try to lure British airmen over on their side of the trenches when a strong West wind is blowing.

For the past few weeks the British have forced the fighting. The Boches have consistently run from the English unless the advantages were all in their favor. The British, flying miles behind the German lines, frequently are hard put to it to find a fight. Many a patrol, out on offensive duty, in default of battles in the air, have attacked infantry on the ground, or machinegunned the enemy's troops in reserve.

From this it must not be presumed that the Germans are cowards. British airmen know what courage is and they are first to give their enemy his due. When he fights, he fights like a demon. And he fights cleverly. The British never have a walkover. Every machine they bring down, means something. It is not like taking candy from a child.

It seems to indicate this; Germany is putting out aeroplanes as fast as she can. Sometimes quality is sacrificed for quantity and then their own airmen have to pay with their lives. Unable to increase the output of aeroplanes and realizing the importance of them the Higher Command has ordered severe economy.

The Germans fight warily, by order, for with America in the fight to add her immense machinery to that of her Allies and turn out countless thousands of planes, he sees his Waterloo in the air coming and hopes to stave it off as long as possible.

War Savings Committee to Wage Crusade for Thrift—To Sell Certificates

VANDERLIP IS CHAIRMAN

(By United Press.)

Washington, Oct. 31.—Twenty years ago Frank A. Vanderlip arrived in Washington to be private secretary to Lyman Gage, at that time Secretary of the Treasury.

Today Vanderlip, president of the largest bank in the United States, and the directing genius in corporations of world wide prowess, commanding a salary running way up in the thousands, is on Uncle Sam's payroll at \$1 per year.

Vanderlip is chairman of the War Savings Committee which will wage a nation wide crusade for thrift beginning next December. He is planning to sell \$2,000,000,000 worth of war-saving certificates in denominations as low as \$5.

He says he is going to hang onto his dollar a year job "until the war is won."

LAST SESSION NOT
MOST TALKATIVE

Objections to "Abuses of Extension System" Cause Court Reports to Be Considered

ONLY FACTS ARE RECORDED

(By United Press.)

Washington, Oct. 31.—Most congressmen thought when the last session adjourned, it had been the most talkative in history, what with the war, taxes, the draft, and the boys in the trenches to make speeches about. With the last postponed number of the Congressional record containing earned "extension of remarks" speeches, it has been found that the volume is 300 pages shy of the previous high mark.

Representative Joseph Walsh, Mass., is largely responsible. Early in the session he began objecting to what he termed "abuse of the extension system." Amateur poems, essays on the war by precocious Johnny, just twelve years old, and the son of an important constituent, obituaries in verse and others were taboored.

One objection will kill any proposal to "extend." Walsh says a lot of the boys got pretty "sore" at him.

NATION'S CAPITAL
GOES DRY TONIGHT

New Prohibition Law Goes Into Effect in District of Columbia at Midnight

IT CAN BE IMPORTED THOUGH

Police Regulations Are Strict as to Clubs and Other Methods Used in Dry Cities

(By United Press.)

Washington, Oct. 31.—The first national capital in history goes 'dry' at midnight tonight.

Under an act approved during the last session of congress, all saloons, wholesale liquor houses, restaurants and clubs must discontinue the sale of intoxicants before 12:01 a. m., November 1. Between three and four hundred establishments are affected.

Liquor can be imported into the District however, without going to the trouble to fill out an application blank or permit. Congressmen from dry states who like a little "snifter" occasionally, saw to that when the law was passed.

Police regulations are strict as to "clubs" and other methods commonly used in dry territories to evade the law. But in a private residence—or a Congressman's office for that matter—all the liquor a man can use may be kept.

With the nation's capital under control, dries are planning to press their campaign for countrywide prohibition with renewed vigor at the coming session of Congress. They barely missed success last session.

With the District of Columbia dry, a question of social niceties arises. Will State Dinners be dry, as in Bryan's grape juice days? Will President Wilson give up the Scotch highballs he enjoys after a game of golf? Neither the President nor Secretary of State Lansing are teetotalers. The capital is watching to see if they regard the action of congress as establishing or pronouncing a matter of public sentiment and usage.

Washington has had its share of famous bars. There was Shoemaker's, which shared with Hancock's, the bacchanalian affections of one of the masters of American drinking, Daniel Webster. The Gin Rickey was invented in Shoemaker's during the early nineties by Col. Joe Rickey of St. Louis.

Washington's most historic drinking bout was when Andrew Jackson was elected President. Jackson, when he got to Washington, remembered the men who put him there and invited "all the boys" to the White House for his inauguration. They came, in galluses and high, hob-nailed shoes.

On the lawn were vast tubs of champagne. They liked it almost as well as their own Bourbon. A Boston historian of the day called it a disgraceful mob.

During Cleveland's second administration, some of his most enthusiastic admirers got so intoxicated in a bar in the capital that prohibition sentiment got its start in Washington. A movement was started to drive "King Rum" from the capitol building. For years the movement made little or no progress. As pressure grew more determined the House took to adopting resolutions which by agreement would be held up by the Senate.

But about a decade ago the Senate got beyond control of the leaders and out from the capitol went liquor.

RED CROSS FOR JUNIORS

School Children Organized in Red Cross Units

(By United Press.)

Indianapolis, Ind., Oct. 31.—School children throughout Indiana are being organized into Red Cross units. The organization work is under direction of Ralph Sollitt of the Junior Red Cross society of Indiana. Members are given a special Red Cross button. Associations of children already in existence, are becoming affiliated with the Red Cross. Plans for the organization are far reaching and will give every child an opportunity to work for his country.

Fourteen friends surprised Miss LaVerne Bishop Monday evening at her home east of Glenwood, the affair being a Halloween party. Hosts of pumpkin faces peeped from the shocks of corn, which were used to decorate the living room. The table was decorated with witches and lighted with a large pumpkin, which made a center for the table. Dainty refreshments were served to the following guests: the Misses LaVerne Bishop, Georgia Hunt, Florene Hinchman, Ruth Martin, Ava Gung, Delphine Rees, Catherine Laughlin and Mildred McManahan and Aaron Laughlin, Wendell Gung, Floyd Vickery, Samuel Kirkpatrick, John Looney, Merle Winkler and Dale Peters.

Dr. and Mrs. W. T. Lampton entertained with a high noon dinner today at their home in Milroy, honoring the sixteenth birthday of their daughter, Ellendore. A french basket of chrysanthemums embellished the center of the table and covers were laid for Dr. and Mrs. Lampton and daughter Ellendore, Mr. and Mrs. William Martin and son Thornton, Mr. and Mrs. Frank Power and Mrs. Arka Tompkins.

Miss Lampton will attend a theater party in Indianapolis this evening and see "The Bird of Paradise."

The Rushville chapter of D. A. R. will be represented at the state meeting of the organization to be held in Indianapolis next week by Mrs. Frank Jones, regent of the local chapter, Mrs. Will Dill, Mrs. Sarah Guffin, and Mrs. Ed Payne, the last three being delegates. The meetings will begin the evening of the sixth and continue until Friday morning, November 9. The report of the work of the local chapter will be given by Mrs. Jones. The meetings will all be held in the Claypool Hotel.

Mrs. Sam Young was hostess yesterday to fourteen members of the O. N. T. club and two guests, Mrs. L. B. Miller and Mrs. R. F. McClannahan, at her home in North Perkins street. The ladies sewed and knit for the Red Cross throughout the afternoon and a one course luncheon was served. Mrs. Ab Bowen will entertain the club in two weeks.

In honor of her fifth birthday, Marcelle Glidden entertained several little friends at her home near Raleigh last evening. The children played games suggestive of Halloween. Weir pumpkin faces and other Halloween emblems were used to decorate the home. Refreshments were served and miniature witches were given the children as favors.

Mrs. Ferd Retherford, Miss Margery Cax and Mrs. Ben Sparks were the visiting guests last evening, when Mrs. Lou Weeks entertained the members of the Tuesday evening 500 club at her home in North Willow street. After spending the evening over cards, the hostess served refreshments.

The members of the Sunshine Em-

Miss Ida Gardner, Contralto, and Harold L. Lyman, Flutist

Practically all of the prominent music lovers of Rushville and vicinity will be in the audience that will hear the program to be given by Miss Ida Gardner and Harold L. Lyman at the Main Street Christian Church, Friday, November 9th, at 8:15 p. m. These artists have been heard in a great number of the larger cities of the United States. Critics have been enthusiastic in their praise; they make concessions to the audience for those who are fond of old folk songs and old favorites and include some of these in every concert.

They come here through the efforts of Hargrove & Mullin. Admittance is by complimentary ticket only and can be had by calling in person at the drug store or by request through the mail.—Adv.

broodery club will entertain their husbands with a six o'clock dinner this evening at the home of Mr. and Mrs. Ed Aiken in Raleigh. Decorations suggestive of Halloween will be carried out and a color scheme of yellow and black will be used on the table, where covers will be laid for thirty-six guests.

The members of the Jolly Dozen club had their first meeting of the season with Miss Margery Geraghty last evening, when she entertained them with a pitch-in supper and Halloween party. Weir games and contests significant of that season were played and the guests masked in Halloween costumes, added novelty to the affair. The Misses Hilda and Marie McKee, Helen and Anna Carroll, Frances and Margery Geraghty, Salome and Marie Schrichte, Margaret Kelly, Mary Ellen Carroll, Mary Moorman and Mrs. Buford Winship were the guests.

The announcement of the coming marriage of Captain McClelland of the 139th Field Artillery is one of interest here. The wedding will take place at Hattiesburg on Sunday and his bride is to be Miss Irene Millholland of Indianapolis. Her parents, Mr. and Mrs. W. F. Millholland, will accompany her to Hattiesburg for the ceremony. Captain McClelland is well known here and spent several days in this city before the sanitary detachment left.

Mrs. Edgar Kaufman of Indianapolis was the only visiting guest at the meeting of the S. E. T. Embroidery club, yesterday afternoon which was held with Miss Lucy Inlow at her home in North Perkins street, and all of the members were present but one. The ladies knit all afternoon and the hostess served refreshments in keeping with Halloween, gingerbread and pumpkin pie. In two weeks the club will be entertained by Mrs. Harry Kramer.

The members of the Tri Kappa sorority are being entertained this evening at the home of Miss Escher and Miss Helen Black in North Jackson street with a Halloween party. The sorority members will have a pitch-in supper. They are all planning to go masked.

The Misses Nettie Ormes, Reta and Frances Gilson, Rema Mahan and Mable Krammes and Robert Vredenburg and Lawrence Knecht are among those from this city, who will attend the masquerade ball at Connersville tonight.

Mrs. A. L. Gary is giving a little knitting party at her home in North Harrison street on next Tuesday afternoon as a compliment to Miss Erema Wilk whose marriage will take place November 10.

Mr. and Mrs. Theodore Abercrombie, Jr., are entertaining several friends this evening with a masquerade party at their home at 204 East Ninth street.

Mrs. Carl Carter is entertaining at dinner this evening, at her home in East Eighth street honoring the birthday of her husband which occurred today.

Mr. and Mrs. Rex Innis entertained with an informal party, Tuesday evening at their home in Milroy. A pitch-in supper was served and covers were laid for about thirty guests.

The Red Cross auxiliary at Milroy served a dinner at the McCorkle-Kitchen stock sale today. The food was donated and the proceeds were given to the Red Cross.

Mr. and Mrs. Frank Capp are giving a Halloween party this evening at their home in North Main street. The guests have been asked to mask.

The Country Cousin's club will be entertained with a Halloween party this evening at the home of Mr. and Mrs. Mart Gray, east of this city.

The Ladies Aid society of the First Presbyterian church will meet

ARTICLES KNITTED HERE ARE SHIPPED

Box For Navy League Contains 29 Helmets, 28 Jackets and Scarfs and 35 Pairs Wristlets

WORK MANAGED BY THE D. A. R.

A box containing the knitted articles made for the Navy League by the women of this county was shipped to headquarters today. The work was managed by the D. A. R. and yarn distributed by them, but a number of women took part in making the 29 helmets, 28 sleeveless jackets, 28 scarfs and 35 pair of wristlets. The money for the yarn was raised by subscription here locally. These articles will go to the sailors on the Indiana battleship. One hundred and thirty hanks of yarn were used in making the supply.

The work was done after a request was made by Mrs. Beck, state regent of D. A. R., to the headquarters at Washington that the women of Indiana be allowed to do something toward making the sailors comfortable. The women in practically all of the states have also taken up the work.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; make a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Have You Ever Danced to the Music of the

Aeolian-Vocalion?

IT lends to your home the very atmosphere of the ball room. It is never noisy or strident—yet possesses almost the carrying power and tone depth of the orchestra itself. Whether the number be a jolly syncopated one-step, the merry lilt of a fox-trot or a dream laden waltz melody, the fine musical quality, together with the buoyant well marked rhythm of it all, makes dance music on the vocalion entirely irresistible.

"Have You Ever Played the Vocalion With the Graduola?"

THIS means that you may enjoy the Vocalion as a musician as well as a listener. It means that the Aeolian Vocalion will live after many productive instruments have been forgotten—for the graduola affords a means of personal expression in music—and this power no other Phonograph possesses.

SHOULD BE GOOD NEWS FOR BRYAN

Self-Government For India, Following War. Was What he Told English People

BELIEVED RADICAL MOVE

Plan Provides That Each Province Shall Have Own Legislative Council

By LOWELL MELLETT
(U. P. Staff Correspondent.)

London, October 10 (By Mail)—William Jennings Bryan will be glad to learn that self-government appears to be in sight for India. All friends of democracy, of course, will be glad, but Bryan particularly for he will not have forgotten the howl that arose when he told the English right here in London that self-government was due India as its right.

Announcement of the fact has been made in connection with the preparations for a visit to India by Edwin S. Montagu, New Secretary for India. This is the same Montagu, who before he became Secretary denounced India's government system as "too wooden, too inflexible, too antediluvian" for modern needs. Explaining what it is hoped to accomplish the new Secretary made it clear he was voicing a government program, not his own ambition as a reformer.

This program, in his language, is to take "substantial steps towards increasing the association of the Indians in every branch of the administration, gradual development of self-governing institutions, progressive realization of responsible government in India, as an integral part of the British empire." Liberals in England regard the steps being taken as one of the greatest advances for democratic government the world has witnessed. India with its large population divided into castes, races and religions, must have some experience of self government, they say, before the entire machinery is turned over to them.

A plan originating in India is being considered and may be acted upon favorably. This provides that each province of India shall have its own legislative council and administrative organization, under a British governor, independent of the Indian central government at first; gradually this central government would exercise the functions of a federal government.

GERMAN JUNKER IS NAMED CHANCELLOR

Count Von Hertling is Appointed to Replace Michaelis, Amsterdam Dispatches Say

HE IS PAN-GERMAN SUPREME

(By United Press.)

London, Oct. 31.—Count Hertling has been named chancellor and the present chancellor, Dr. George Michaelis, has been shifted to prime minister of Prussia, according to an Amsterdam dispatch today.

Count von Hertling is at present premier of Bavaria. Recent dispatches have mentioned him repeatedly as being under consideration as German premier. He is now in Berlin, having arrived for a conference with the kaiser on Sunday.

Von Hertling is a pan-German and Junker supreme. He is one of the older of the German statesmen and has repeatedly given evidence of his arrogant contempt for all government by the people.

COURT TO HAVE A PRESS GALLERY

Heretofore Reporters Had Hard Time in Getting News From Supreme Court

WILL BE GREAT ADVANTAGE

(By United Press.)

Washington, Oct. 31.—The Supreme Court may soon have a press gallery, just like baseball parks, race tracks, or Congress. The court plans to make its dear friends, the reporters, not only able to do their work better, but more comfortable.

Acoustics of the supreme court chamber—the old senate hall of Webster, Saltonstall, and Randolph—make the arrangement somewhat difficult. Employees and representatives of the congressional press galleries are at work confidently, however.

When the first suggestion was made a quarter of a century ago that mere reporter person should be aided and encouraged in getting news of decisions promptly to the mere public, same austere judges thought revolution and chaos were near. But time works wonders and now the reporter stands a good chance of having real comfy working quarters in the Supreme Court of the United States.

AVIATOR ESCAPES FROM THE FLAMES

Major Bannatyne Drops to Earth in Blazing Machine—Recovering From Injuries

AT HEIGHT OF 1000 FEET

(By United Press.)

London, Oct. 10 (By Mail)—After one of the most miraculous escapes of the war, Major Bannatyne, D. S. O., is today recovering from his injuries in the Cirencester Hospital.

While flying alone at a height of more than 1000 ft. his engine caught fire. He headed the machine towards the ground. Within a few minutes the flames reached his feet. He climbed out of the seat and crawled along the body of the plane toward the tail while the blazing plane plunged towards earth. The flames reached him again. He swung himself off the frame and hung by his hands under the machine—now a mass of flames. Just before the glowing wreck struck the ground Bannatyne dropped. He fell into a plowed field and was picked up suffering from a broken arm, sores of cuts and with all his hair scorched to a crisp. The machine crashed into a shed and both were consumed by the flames.

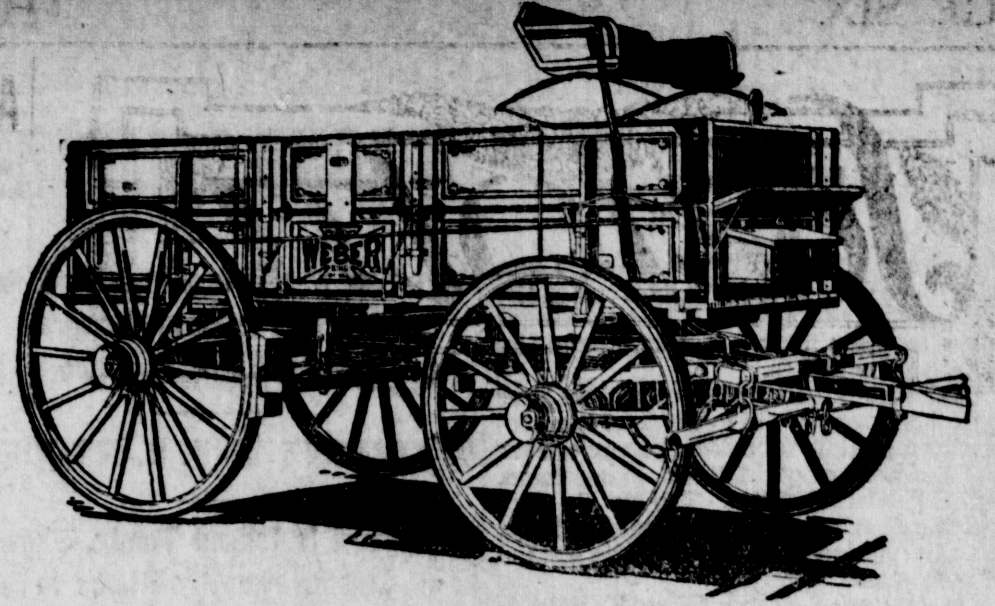

the aircraft we authorized, and a lot of the guns and military material we bought, won't have to be duplicated. But there'll be enough to raise to keep us busy. I think we'll have about a fifty-fifty split on taxes and bonds." This will necessitate greater profits taxes. The present rate is about sixty-five-thirty-five, with bonds on the long end.

Gary—Gary boys at Camp Taylor are smoking "bribe" cigars. John Litt offered Judge Greenwald a box of cigars to decide a case pending in this court in Litt's favor. The Judge took the cigars decided the case against Litt and sent the smokes to Camp Taylor.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service. These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

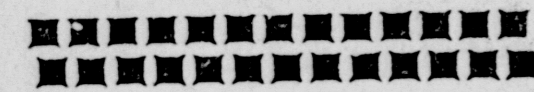

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Governor of Seventh District Federal Reserve Bank Congratulates All Who Aided

STATEMENT BY J. B. McDUGAL

Statement is Issued Today, Showing Subscription by Banks in the County.

A statement from J. B. McDugal, governor of the seventh district federal reserve bank at Chicago, has been received here, extending thanks to all who assisted in the successful campaign to get subscribers to the Second Liberty Loan. His statement follows:

"The Federal Reserve Bank of Chicago, fiscal agent for the United States Government in the sale of Liberty Loan bonds, desires publicly to express grateful acknowledgment to the Press, to the Liberty Loan Committees, to the Banks, Bond Houses and other organizations, and to the vast number of men, women and children who, with enthusiastic devotion, were responsible for the success attained in floating the Second Liberty Loan in the Seventh Federal Reserve District. That such a multitude of people should volunteer is a striking illustration of the spirit of patriotism inherent in the American people.

"Appreciation in equal measure also is expressed to the many hundreds of thousands of individuals and institutions that have so loyally placed their funds at the disposal of the Government by subscribing for the Liberty Loan."

The following report was made by the chairman in this county of the subscriptions to the Liberty Loan:

HORACE JONES IS ARRESTED AS A SLACKER

Continued From Page 1

Jones did not comply with either the spirit or letter of the conscription law when he registered, the local board states. He did not give any address when there was a blank on the registration cards for giving such information. He stated on the card that he was out of employment. Jones is a plumber by trade.

The board made public the fact that Jones had not appeared for examination when called in the regular order. It was published in local and Indianapolis newspapers. Jones' mother and other relatives live here and the board is of the opinion that Jones could have kept himself informed as to the status of his case if he had had the disposition to do so.

The conscription law leaves the burden on the registered man to learn when he is called for service. The man registering is asked to give his address so that the board may inform him when he is to appear, but it still remains his duty to find out when he should report.

It has been the policy of all selection boards to be lenient with slackers. In many cases here and elsewhere men who have not appeared before the board promptly have been examined when they did appear, providing the board was convinced they acted in good faith.

The conscription law provides a penalty, which is not merely being sent to the army. What shall be done in this case depends on the instructions received from the state conscription agent.

Jones' serial number is 757 and his order number is 91. He was among the first bunch of registered men called for examination.

—Mr. and Mrs. Ross Reeves and Mr. and Mrs. Will Kirkpatrick spent the day in Indianapolis and will see "The Bird of Paradise" this evening.

CAUSE OF DEATH IS TRACED TO INJURIES

Ralph Henley, 11, Son of Rue Henley of Carthage, Dies—Hurt at School Two Weeks Ago.

PERITONITIS THEN DEVELOPS

Ralph, the eleven-year-old son of Mr. and Mrs. Rue Henley of Carthage, died this morning at eight o'clock at the home of his parents, after a two weeks' illness. The little fellow was accidentally injured while playing at school, and although the injuries did not at first seem dangerous, peritonitis developed.

He had been seriously ill since that time, but during the past few days some little hope was maintained for his recovery.

He is survived by his mother and father, Mr. and Mrs. Rue Henley, three brothers and one sister. He is a nephew of Mrs. F. G. Hackleman of this city, who is a sister of Mr. Henley.

Days Pickings

That Rush county boys in the army remember and are loyal to their old home is demonstrated by the fact that Captain Perry Oneal, Company E, 334th Infantry, Camp Taylor, Ky., has purchased a five passenger touring car here which will be delivered to him. He finds that an automobile is absolutely essential in his work. He is located a mile and a quarter from the post-office and finds that is quite a hike to get his mail.

Miss Alleine Budd of this city, who is attending Northwestern university at Evanston, is taking a prominent part in the raising of the \$15,000 Student Friendship fund for the benefit of the army Y M. C. A. She is at the head of a committee of girls to obtain pledges. An interesting article on the launching of the campaign appears in the "Daily Northwestern."

Four more claims against estates have been transferred to the issue docket in the circuit court and will come up for trial. W. T. Lampton has a claim against the estate of Charlotte Innis for \$63. There are three claims against the estate of Mary Demmer as follows: D. D. VanOsdol, \$10.50; the Mauzy Co., \$11.63; George C. Wyatt & Co., \$195.

A. L. Gary was painfully burned on the right arm and right side of his face by a gas explosion in the furnace at his home this morning. Gas had collected in the bowl, but he had opened the door and thought he had allowed it all to escape when he opened the door and threw in a match. His hair on his eyelashes were also singed.

Albert Adkin, age 58, brother of Ed Adkins of Carthage, was found dead in bed at his home in Greensburg yesterday morning. His death was due to a hemorrhage. He had been suffering with tuberculosis. The funeral was held this afternoon at 2:30 o'clock.

William Fitzgerald, son of Mr. and Mrs. William Fitzgerald of North Sexton street, who has been at Newport, R. I., in training for service in the United States navy, has been transferred to Boston, according to word received by relatives here.

Word today from the bedside of W. A. Posey, former commissioner and clerk of the court, who recently underwent an operation at Cincinnati, is that he sat up at intervals yesterday and his condition is beginning to show some improvement.

Oneal Brothers have bought 143,750 pounds of wool this season, according to figures they have compiled. Business was about average this year, but prices were much higher than usual.

Amusements

Lionel Barrymore will be seen at the Princess tonight in the play of tears and laughter, "The End of the Tour." In addition, Pathe News, which gives the most important world happenings, will be shown. In "The Maelstrom," billed for tomorrow afternoon and night, a story of self sacrifice, Earl Williams and Dorothy Kelly are featured.

A clever picture will be shown at the Gem this evening entitled "Betty, Be Good," in which popular Miss Jacki Saunders has the lead. Tomorrow afternoon and evening Valeska Suratt appears in the picture, "She."

HORACE JONES IS ARRESTED AS A SLACKER

Is Held in Bellefontaine, Ohio, on Instructions From Local Conscription Board.

GIVES HIMSELF UP THERE

Board Wires State Conscription Agent For Instructions Regarding the Case.

WANTED SINCE EARLY AUGUST

Jones Gave no Address on Registration Card—Failed to Appear When Called.

Horace Jones of this city is under arrest in Bellefontaine, Logan county, Ohio, as a slacker, according to word received today by the Rush county army selection board, which immediately wired Jesse Eschbach, state conscription agent for instructions as to how to proceed.

The board received a wire from the Logan county army selection board late yesterday, saying that Jones had appeared before the board and declared that he had heard that he had been called for physical examination by the Rush county board on August 5.

The Rush county board wired instructions to arrest him as a slacker and the Logan county board replied with a wire this morning that their instructions had been followed.

The Rush county board decided to prefer a slacker charge against Jones because of his actions in regard to the operations of the conscription law. The board is convinced that Jones could have learned some time ago that he was called up for physical examination if he had taken the trouble to investigate.

It is the opinion of members of the board that Jones decided he would be caught eventually and that he should give himself up with the hope that the army authorities would probably be lenient with him.

ANDERSON BOY SENT HOME BY THE POLICE

Oversensitiveness Causes Carl Schmidt, Age 15, to Run Away Monday—Walks Here

"JOSHED" BY SCHOOLMATES

Oversensitiveness was responsible for Carl Schmidt, age fifteen, high school student of Anderson, running away from home Monday morning. He appeared at police headquarters yesterday evening about five o'clock and his demeanor immediately aroused the suspicion of Chief of Police Yakey. He looked penitent and the police chief suspected he had run away from home. The boy was taken up to the mayor's office and questioned by the chief, who learned his story. Chief Yakey telephoned the boy's father, John Schmidt, who wired his son a railroad ticket today and the boy returned home.

According to the boy's story, he could not withstand the joshing of his schoolmates and left school about eleven o'clock Monday morning, starting down the Big Four railroad. He walked all the way here, a distance of forty miles, Monday afternoon and Tuesday. Young Schmidt stayed all night with a farmer near Shirley Monday night. The police gave him his supper and breakfast and a place to sleep last night. The boy was well dressed and of good appearance.

HIGH SCHOOL BOY DEAD

Hobart Engle, Member of Arlington Band, Dies at Morristown

Hobart Engle, age eighteen years, Morristown high school student, died last night of pneumonia. He had been sick only one week. Engle was well known in this county, having played in the Arlington band. He was a senior in high school and a member of the basketball team. He was a son of Mrs. Margaret Engle and besides his mother, is survived by three sister and two brothers, one of whom is in the United States marines.

RED CROSS WILL ELECT TOMORROW

New Officers Will be Selected at Meeting of Board of Directors Thursday Night

NO QUORUM PRESENT TODAY

Chapter Represented at State Meeting and E. B. Thomas Tells of Local Organization

The directors of the Red Cross society will meet in the headquarters at the Masonic temple tomorrow evening for the purpose of electing officers for the local chapter for the coming year. The meeting was to have been held this afternoon, but due to the inclemency of the weather, a quorum was not present, and the meeting was postponed.

Great inspiration was derived from the Indiana Red Cross meeting held at the Claypool in Indianapolis Tuesday by the officers of the local chapter who attended. E. B. Thomas, chairman of the chapter, Robert Mansfield, chairman of the executive committee, and Mrs. Harrie Jones, secretary of the chapter, attended.

The horrors of the war and the great work Red Cross is doing were brought out in the powerful addresses made by James R. Garfield of Cleveland, Ohio, Dr. Allan McCrossie of New York who recently returned from France, and Charles Edward Russell, who was with the Russian Commission, headed by Elihu Root.

A helpful part of the meeting was the informal discussion following the addresses. During that time E. B. Thomas of this city gave a short talk which brought out some of the excellent points of the organization of the Rush county chapter.

It was urged at the meeting that the knitting work be continued throughout the winter for a long war was anticipated by the speakers.

The supply of yarn at the local headquarters is exhausted at present.

The bandage classes, since the illness of Mrs. A. G. Reeve, are in charge of Mrs. A. L. Gary and several assistants. Workers are needed for this work and are urged to attend the classes on Monday, Wednesday and Friday afternoons.

The New Salem auxiliary has recently elected a new chairman, Mrs. Hattie Barber, Miss Edna Taylor, the former chairman is a school teacher, and resigned when school began. Formerly, the workers met in the school building, but of course the place of meeting had to be changed. On Friday, an all day meeting of the New Salem auxiliary will be held at the home of Mrs. Colvin. Sewing and knitting will be done all day and at noon, the ladies will have a pitch-in dinner. A request for three knitters from this chapter has come from the New Salem ladies to instruct them in the making of the knitted articles. Mrs. J. C. Sexton has offered her machine in which the ladies will make the trip to New Salem and spend the day.

WHEATLESS DAY OBSERVED TODAY

Pledge Cards Are Not Being Signed As Well As Had Been Hoped By Those in Charge

GERMAN PROPAGANDA

Indianapolis, Ind., Oct. 31.—Reports of organized German propaganda to discourage the signing of food conservation pledges and the following of the conservation program were received today from the federal food administration at Washington by state officials. The State Council of Defense took the matter under consideration.

Lessons on Food Conservation were started in the public schools today and each child was given a Food Conservation card to take home and return signed. Hereafter for a time, the school children will be given a period each day to devote to the study of the proper conservation of food. This course of study is included in the 10 lessons on Food Conservation issued by the government. Bringing to school, a card signed, entitles the child to the window card, the "Kitchen Creed", and the ten lessons on conservation for home use. The purpose of the week and the necessity of conservation has been explained carefully in each room and objections raised by the children to the methods suggested are answered by the teachers.

Practically all of the hotels or restaurants are partially observing "Wheatless Day" today as Wednesday of each week has been set aside for this. Although they did not start today serving wheatless bread exclusively, the probabilities are that the change will come gradually. The grocers say they have noticed for the past few days the increase in the sale of cornmeal and bran and other substitutes for wheat. Not as much white bread as usual was sold today, by the local dealers. One restaurant man said that starting next Tuesday, he expected to serve wheatless meals on Tuesday of each week, substituting fish, fowl and oysters.

The Food Conservation cards being offered in the downtown stores to the women who are asked to sign, are not being signed as well as has been hoped by those in charge of the Food Conservation week. A number of women do not understand that in signing the cards they merely pledge

WILL ANSWER CALL FOR MORE SHIPPING

United States Shipping Board Will Deliver 7,500,000 Tons Next Year

MEETING OF BUILDERS TODAY

(By United Press.)

Washington, Oct. 31.—In answer to the allies call for 6,000,000 tons of new American shipping in 1918, Chairman Hurley of the United States shipping board today said the country's yards will deliver 7,500,000 tons.

A meeting of representatives of all steel ship building plants on the Atlantic coast was held here today. Hurley called upon employers and employees to make all possible haste.

Admiral Capps, general manager of the emergency fleet corporation, assured the ship builders that red tape would be cut out in the future.

Carlos Higgs will spend the evening in Greensburg.

SUPPLIES BEING RUSHED TO ITALY

Allies Are Thoroughly Awake to Critical Danger Caused by the German Drive

AMERICA EXTENDS HER CREDIT

Danger of Civilian Disaffection is Rapidly Disappearing—Pacifism Overcome

(By United Press.)

ITALIAN RETREAT ORDERLY.

Rome, Oct. 31.—The Italian retreat to prepare positions continued in an orderly fashion, today's official reports asserted. Bravery of the troops permitted the disposition of Italian forces, according to strategic plans.

ALLIED TROOPS TO AID.

Paris, Oct. 31.—French and British armies are rushing to the aid of the Italians.

Paris expects one of the greatest battles of the war to be fought on the plains of Italy.

M. Jules Cambon, minister of foreign affairs, expressed his firm conviction that the Italians with the allies would succeed in stopping the Austro-German invasion.

Washington, Oct. 31.—Gigantic supplies, money, munitions, fuel and food are being rushed to Italy today to help Gen. Cadorna stem the Teuton invasion. All the allies are thoroughly awake to the critical danger in Von Mackensen's big drive and are pushing aid from all quarters.

This government has decided to extend Italy's credit \$230,000,000 immediately. Grain and coal are already enroute to help the civilian population and assist Italy in maintaining the morale of the people.

France is sending guns to Gen. Cadorna.

Dispatches indicate that the danger of civilians disaffection is rapidly disappearing under the stress of the common danger. The pacifist element upon whom blame for disintegration of some of the Italian troops is placed, is now said to be throwing its weight into the balance to push the war.

With the arrival of coal from this country the Italian munition factories many of which have either been idle or greatly incapacitated because of the lack of coal will be able to resume work. The belief here now is that if Cadorna can check Von Mackensen for a week at the Pagliamento, the crisis will have been successfully passed and reinforcements of allied troops, munitions and other supplies will turn the tide.

GRANTS RIGHT TO REVOKE DISCHARGE

State Conscription Agent Authorizes District Appeal Boards to Act

APPLIES NOT ONLY TO FARMER

(By United Press.)

Indianapolis, Ind., Oct. 31.—District appeal boards of Indiana today were authorized by Jesse Eschbach, state conscription officer to revoke the discharge from army service granted any farmer, farmer's son, or any other man who has been exempted from the draft, if the father or son has refused to give "reasonable financial aid to the Liberty Loan, Red Cross and other war work."

Eschbach stated that his attention had been called to cases, particularly by the Fort Wayne board where farmers whose sons had been exempted refused to give aid to other war work.

The same principle will be applied to men in other lines of work.

MRS. N. F. STEWART IS DEAD

Former Rushville Woman Expires at Odd Fellows Home.

Mrs. N. F. Stewart, about eighty years of age, formerly of this city, died at the Odd Fellows home at Greensburg yesterday. She had been an inmate of the home about five years. She was a resident of this city up to that time. N. F. Stewart, her husband, who was a sewing machine agent here, has been dead seven or eight years. The only known survivor is a niece who lives at Marion, Ind. The remains will be taken for burial to Defoka, Ind., where the husband is buried.

ELEVEN MISSING AFTER B. & O. FIRE

Damage Estimated at \$5,000,000 is Done to Railroad Piers at Baltimore Early Today.

BLAZE STARTS MANY PLACES

Men Seen Running After Explosives Believed to Have Started It.—Ammunition Burned.

(By United Press.)

Baltimore, Md., Oct. 31.—Eleven men are missing as the result of the fire which caused \$5,000,000 damage to the Baltimore and Ohio piers here today.

Guards and firemen stationed at the pier stated that a few seconds before the flames broke out in five sections on the pier they saw what appeared to be rockets going up from half a dozen places. These were followed by explosions and in less than five minutes the entire structure was burning.

Piled on the piers awaiting steamships were many cases of ammunition and food that was to have gone to the armies of America and France.

Police are combing the city for men seen running from the piers shortly after a policeman turned in a general fire alarm. They are believed to have caused the fire.

One man was arrested by authorities in connection with the blaze this afternoon. He is John Whitterman, said to have been seen running away from the pier where the blaze was discovered.

Three bodies of members of the crew of a British ship were recovered.

The crew of a British steamer lying at the pier leaped overboard and it is feared some of them were drowned. A dozen or more men employed on the pier are missing. On one of the piers were some cases of shells which exploded at intervals, leading to rumors that the fire department was using dynamite to check the spread of the fire.

The Baltimore & Ohio grain elevators are but a short distance from the burning piers, which are the main terminal in this country of the Furness-Withly English line of teamers. Pier 8 was the former North German Lloyd pier, at which all their ships loaded at this port. The two piers which are destroyed cost about \$1,000,000 each.

United States secret service men are at the scene investigating rumors that suspicious looking men were seen hurrying from the vicinity a few minutes after the fire was discovered by a policeman. A strong northwest wind swept the flames toward hundreds of small houses to the south of the terminal and occupied by the families of workmen on the piers. These people fearing for the safety of their husbands, father and other male relatives employed about the piers rushed in the direction of the fire and struggled with the police in their desperate efforts to cross the cordon.

In the Baltimore & Ohio elevators are large quantities of grain ready

TO PLAN RAISING ENDOWMENT HERE

About 40 Ministers of Indiana Conference of M. E. Church to Meet in Rushville

TO CONVENE THURSDAY NIGHT

Discuss Plans to Raise Half Million For Moores Hill, to be Moved to Evansville

Thirty-five or forty ministers representing this entire conference of the Methodist church, will assemble at the St. Paul's M. E. church here on Friday to make plans for the raising of one-half million dollars of the million dollar endowment to be given Moores Hill College when it is moved to Evansville. The Friday session will be preceded by a meeting Thursday evening in the church to which the public is invited when Alfred T. Hughes, president of Moores Hill college who is said to be an excellent speaker, will make the address.

At the meeting Friday, the campaign will be launched for the moving of the Methodist college to Evansville. The city of Evansville has given 80 acres of ground for the institution and offered one-half million dollars on condition that the other half million is raised for an endowment for the school. This sum will be apportioned among the churches of the conference, which covers the southern part of the state. The time from November 4 to Christmas is given for the raising of the money.

On Sunday, November 4, which is termed as "Launching Sunday," a new face and new voice will be in every pulpit of the conference. Dr. Elbert Zaring, editor of the Northern Christian Advocate, is to preach here both morning and evening. The Rev. Clyde S. Black of the local church has charge of the exchanging of preachers in this district on that Sunday. According to plans, the Rev. Mrs. French of Glenwood will go to Morristown and the Rev. Mr. Reed of Morristown will preach at Glenwood. The Rev. Daniel Ryan of Curthage and the Rev. Mr. Westhaver of Arlington will exchange pulpits.

WILL BE OPEN THE LAST THREE NIGHTS

Treasurer's Office Arranges For Convenience of Those Who Can't Pay in Daytime.

\$106,036 TO BE COLLECTED

The county treasurer's office in the court house will be open Friday, Saturday and Monday evenings after seven o'clock for the convenience of those who can not call in the daytime to pay their taxes. On those days the office will close at five o'clock in the afternoon so that the office force will have a chance to check on the day's business. Next Monday will be the last day to pay the fall installment of taxes without going delinquent.

At the beginning of business this morning the county treasurer had \$106,036 yet to collect on the fall installment. An average of more than \$20,000 a day must be paid in order to collect all of the fall taxes on the tax duplicates. The collections to date amounted to \$160,964.25. Collections yesterday totaled \$7,645.36.

BULLETIN

London, Oct. 31.—Dispatches from Amsterdam this afternoon asserted that Count Von Hertling had refused to accept the German chancellorship "because of his inability to secure a majority in the reichstag."

Food Conservation Week

This week has been set aside by the food administration as Food Conservation Week.

The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce.

We are asked especially to substitute for

WHEAT, MEAT, SUGAR AND ANIMAL FATS

Every home in Rush county should begin a system of substitution right now.

Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.

We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.

In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.

For meat you may use fish, poultry, sardines, salmon, nuts and eggs.

For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.

In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.

Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

to save what they can in food stuffs to help win the war. When the purpose of the cards is perfectly understood, no doubt more women will sign them. So many agencies are working throughout the country toward getting the cards signed, that it is almost impossible to get the number handed in each day. Each town-ship is pushing the cause, as well as school and church authorities and the County Council of Defense, through the Psi Iota Xi here.

The national food administrator, Herbert Hoover, is well pleased with the preparation made in Indiana for Food Conservation week and the enrollment of women in the voluntary saving organization. Mr. Hoover expresses his satisfaction in the following telegram just received by Dr. Harry E. Barnard and the Indiana State Council of Defense, through which organization the big drive in Indiana is being conducted:

"As family enrollment week opens I wish to express to you and to the thousands of volunteer workers helping you in your state, congratulations for the effectiveness of preliminary preparations and our gratification over the prospects of the immense success of the pledge, card campaign in all parts of the nation. Please assure them that in my opinion no effort exceeds theirs in patriotism or in effectiveness for world civilization, for our success and that of our allies in the war, or for our own welfare. Every day brings added evidence of the truth that food will win the war and of the dire need of our allies for food. If we Americans by a voluntary Democratic effort, all as individuals doing our small part under the Government's direction, save this food to ship to them we shall assure victory for world Democracy against autocracy and be in a position to ameliorate price conditions in the United States and prepare ourselves to cope successfully with the inevitable economic pressure that will follow the war."

"Herbert Hoover."

\$500 DAMAGE SUIT IS HEARD BY JURY

Case of O. F. Bussard Against J. E. Kirkpatrick is Based on Auto Accident Sept. 15, 1915

C. W. CECIL GETS A DIVORCE

The case of Otto F. Bussard against John E. Kirkpatrick for \$500 damages was being heard by a jury in the circuit court today. The suit is based on an accident September 30, 1915, near the L. E. & W. crossing on the Main street pike north of Rushville, when the automobiles of Bussard and Kirkpatrick collided.

The plaintiff alleges that Mr. Kirkpatrick drove to the left instead of the right when they met and that his machine was over the center of the road. The burden of Mr. Bussard's case, as brought out by witnesses, was that the accident in which his machine was damaged was due to the negligence of Mr. Kirkpatrick. The plaintiff rested at 3:30 o'clock this afternoon and the defense began introduction of evidence.

Judge Sparks today granted a divorce to Charles W. Cecil from Edna M. Cecil, who brought the suit. The costs were adjudged against the plaintiff, Mrs. Cecil, but the husband was ordered to pay \$2.50 a week support money for their year-old baby. The case was heard yesterday.

PLOT TO KILL FIGHTING MEN IS DISCOVERED

Believed to Have Been Attempted by Poisoning Vaccine Serum With Tetanus Germs.

BAN ON SALE OF "POINTS"

(By United Press.) Memphis, Tenn., Oct. 31.—A nationwide plot to kill American soldiers and sailors by poisoning vaccine serum with tetanus germs was believed to have been uncovered here today, following five deaths from tetanus traceable to vaccinations.

This theory gained strength with the receipt of a message from Washington ordering a ban on the sale of vaccination "points" used to affect vaccinations.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

NO REPORT ON CULTURES

Health Authorities Continue to Examine Children's Throats.

The report from the cultures of the school children taken by Dr. Coleman and Miss Straight, visiting nurse, for the past few days have not been returned. Practically three hundred children in the different schools have been tested for signs of the disease and no suspicious cases have arisen. This morning, the cultures from the throats of 83 children were taken at the Havens school.

BRITISH LOSS SMALLER.

London, Oct. 31.—Field Marshal Haig's great gains in Flanders during the last month were made at less cost in men than during the fighting of September, according to casualty lists published today. The total of all casualties for the month was 83,558. In September it was more than 105,000.

BRITISH DROP BOMBS

War Food—Pancakes

DISCUSSION — PANCAKES ARE MADE FROM THE DIFFERENT FLOURS OR FLOWERS EACH PANCAKE IS MADE SEPARATELY BY MAKING A LUMP OF DOUGH THEN WASHING IN MILK AND IRONING FLAT WITH A FLAT IRON, SAME AS IS USED ON SHIRTS, ETC.

GRIDDLE CAKES
ARE POURED OUT OF A PITCHER ON TO A HOT GRIDDLE AND COOK NATURALLY. THEY GET BURNT AND SUFFER GREAT PAIN. THEY ARE SERVED WITH SOOTHING SYRUP WHICH KILLS THE PAIN.

FLAPJACKS
ARE THE LIVELIEST. IT'S HARD TO KEEP THEM ON THE FRYING IRON, BECAUSE THEY FLAP AROUND LIKE A FISH.

BUCKWHEATS
THE REAL REASON FOR CALLING THEM BUCKWHEATS IS BECAUSE THEY ARE MADE WITH GOAT'S MILK.

GERMAN PANCAKES
SPEECHER DEUTSCH? YA! YA!
GERMAN PANCAKES CAN ONLY BE MADE WITH GERMAN FLOUR, BY A GERMAN WHO WEARS WHITE GLOVES, AND WHICH ARE FREE FROM GERMS.

FRENCH PANCAKES
ARE MADE BY BEATING THREE EGGS UNTIL THEY BECOME UNCONSCIOUS. SPRINKLE WITH SALT. MIX WITH FLOUR. A LITTLE MIX WITH FLOUR. PUT THEM ON HOT GRIDDLE TO SCORCH. JAM SOME FRUIT JAM IN BETWEEN TWO PANCAKES AND SERVE AS THEY DO IN THE FRENCH ARMY.

Around the House

Either fry fish in oil or lard. Butter is not good.
Lemon juice or slices of lemon are best served with fish, as the acid corrects and balances the strong fishy taste.
The fruit of the common elder is used for sauce and pies, and a sort of sirup for griddle cakes is sometimes made from it.
Keep all the operations of canning clean and sanitary. A little dirt, a little carelessness, may spoil hours of hot work. Be careful.
American cheddar cheese is a very satisfactory substitute for meat. It can be kept in storage for a long time and contains much food in small volume.
Bicarbonate of soda, which is plain bread soda, is good dissolved in water as a wash for prickly heat. It is also an excellent mouth and tooth wash, neutralizing the acidity of the mouth and keeping it sweet and wholesome.
To freshen salt fish cover with plenty of cold water, allow to heat gradually on the back of the range, then when hot pour off the water and repeat. Then remove fish and skin, bone and flake. Always simmer slowly salt fish.
Cottage cheese is one of the finest sources of protein. If it gets a trifle too hot when cooking or the milk has stood beyond the time when it is just clabbered it will be spoiled for food. Chopped chives or nut kernels are a fine addition to cottage cheese.

Directions For Salting And Smoke Curing Fish

To preserve fish for winter use it may either be preserved in a brine or first salted and then smoked. For curing and packing in brine the fish should be washed in cold water and the head and entrails removed, after which they should be thoroughly rubbed inside and out with fine salt and packed in earthen jars or clean, sweet barrels that have never contained vinegar or kerosene. After the fish have remained in this salt overnight brine composed of fifteen pounds of salt, four ounces of saltpeter and four gallons of water to each hundred pounds of fish should be poured over them. This should be weighted down with a wooden block or clean stone, so that the brine entirely covers the fish, and the jar should be kept in a cool, well ventilated cellar.
For curing and smoking fish, clean as above and pack in salt so that each fish is completely surrounded by the salt and allowed to remain there for fifteen to twenty days, after which all may be hung in the smokehouse and given a heavy smoking with hickory wood. After the smoking the fish should hang so that no two fish touch for at least the first three days, after which they may be placed in a dry, well ventilated place for future use.

Should Clip This Out And Save It For The Election

Voting places at the city election Tuesday, Nov. 6, will be as follows:
First precinct, Catholic church hall.
Second precinct, court house assembly room.
Third precinct, J. Q. Thomas' office.
Fourth Precinct, John Spurrer's music store.
Fifth precinct, Mrs. Ford's residence, Fourth and Sexton streets.
Sixth precinct, A. B. Irvin's garage.
The boundary lines of the precincts are as follows so that any voter may be able to tell where he or she will vote:
First Precinct—Bounded on the east and south by the corporation line and on the west and north by a line beginning at the middle of the south end of Perkins street and running north to Sixth street, east to Willow, north to J. M. & I railroad, northeast along the J. M. & I. railroad, northeast along the J. M. & I. to the corporation line and east to the east corporation line.
Second Precinct—Bounded on the south by the corporation line and the west by the middle of Main street. The north boundary is along the corporation line to the J. M. & I. and thence southwest and south along the line described as the west boundary of the first precinct.
Third precinct—All south of the middle of Second street and west of the middle of Main street to the north and west corporation lines.
Fourth Precinct—Bounded on the south by the middle of Second street and the east by the middle of Main street from the middle of second to the middle of Fourth to the L. E. & W. railroad, thence south along that road to the middle of Third street to the corporation line. The west boundary is the corporation line.
Fifth Precinct—The south boundary is from the middle of Harrison street down the middle of Fourth to the L. E. & W., south to Third, west down the middle of Third to the corporation line. The west and south boundaries are the corporation line and the east the middle of Harrison.
Sixth Precinct—All lying between the middle of Main and Harrison streets and the middle of Fourth streets and the north corporation line.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a tencup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

The Kaiser's War Loan

Kaiser Wilhelm celebrates the success of the latest German loan in this characteristic telegram to his minister of finance:

"I am pleased highly at the splendid result of the subscriptions to the seventh war loan, and I express to all concerned hearty thanks and congratulations for the successful work. Full of vigor and with a fixed aim before the eyes of the world, the whole German people stands in the fourth year of the war at the side of its heroic sons in the field and beside the imperial government and the army command, ready for sacrifices of blood and treasure until the honor and freedom of the Fatherland is assured against the assaults of its enemies in superior forces."

We might gather from this spirit of jubilation that it's all over but the shouting—that the German loan has been such a tremendous success that the mere moral effect of it will make the Allies lay down their arms and sue for peace.

We notice, however, that this supreme effort of the German government, an effort so strenuous that it meant practically the commandeering of all funds not already squeezed out of German pockets, brought in subscriptions far less than those offered freely in our second Liberty Loan. Also that, co-incidentally with the announcement of this financial triumph, the German mark was reported at a discount of 60 per cent in Swedish exchange. That makes the German loan, which is nominally \$3,107,000,000, worth in reality only a little more than \$1,200,000,000.

Our national conscience is clear, but that is more than can be said of many of the individuals who compose the nation. We'd hate to have our own sins spread broadcast.

About the meanest fellow we know of is the one who sleeps all through the sermon and then refuses to see the collection plate as it passes by.

Any one can wave a flag and whoop-hooray, but it takes nerve and grit to go out and get shot into mincemeat for it.

A silent man makes an excellent mate for a talkative woman. There is less chance for a family jar.

Some women have very sweet dispositions, but their next door neighbors seldom know it.

Extra precautions should be taken while fishing. You might hook a submarine.

Cheer up or stay down.

Songs of Sammies

(By United Press.)

American Field Headquarters, France, Oct. 10 (By Mail)—American troops now receiving instruction in modern warfare on French soil have as their instructors a division of the famous French Chasseurs, including even a regiment of Chasseurs Alpins.

The Americans are thus in the hands of one of the most famous "corps d'elite" of the entire French Army. The Chasseurs and, above all the Chasseurs Alpins, are amongst the few military bodies of Europe who have a tradition to live up to and an "esprit de corps" to maintain that keeps them at all times "up on their toes." The "pep" that results from this they have too the faculty of instilling in others.

These "Chasseurs a Pied" or light foot soldiers have distinguished themselves in all campaigns in which they have participated. In the present war as a corps d'elite they have distinguished themselves particularly on the Yser, at Verdun, on the Somme, on the Hartmannsvillerkopf and on the Linge.

There is only one flag for all the Chasseurs battalions. It is already decorated for military valor with the Legion of Honor the Medaille Militaire and the Croix de Guerre. The flag passes from battalion to battalion at regular intervals with a fixed and elaborate military ceremony.

The "esprit de corps" of the Chasseurs is already being instilled by them into the new American troops to such an extent that there is little doubt but the American army will take on many of the military qualities of this famous body. The Chasseur officers are enthused over the manner in which the Americans take to the dash, discipline and military spirit of their own troops, and the Americans in turn are no less proud of having such a famous and crack corps to be their instructors.

Healthy Skin DEPENDS ON KIDNEYS.

The skin and the intestines, which work together with the kidneys to throw out the poisons of the body, do a part of the work, but a clean body and a healthy one depends on the kidneys. If the kidneys are clogged with toxic poisons you suffer from stiffness in the knees in the morning on arising, your joints seem "rusty," you may have rheumatic pains, pain in the back, stiff neck, headaches, sometimes swollen feet, or neuralgic pains—all due to the uric acid or toxic poisons in the blood. This is the time to go to a drug store and simply obtain a 50c. package of Anuric, (double strength), the discovery of Dr. Pierce of Buffalo, N. Y. Then drink a cup of hot water before meals, with an Anuric Tablet, and notice the gratifying results. Anuric will help you, because it flushes the kidneys of impurities. Many times more active than lithia. Dissolves uric acid as water does sugar.

AIR POWER OF AMERICA FEARED

Prussian High Command Has Given Orders to Conserve Planes, Which Indicates Fear

BRITISH FORCE FIGHTING

Germany Is Putting out Airplanes Rapidly But Not As Fast As Allies

By WILLIAM PHILIP SIMMS
(U. P. Staff Correspondent.)

With The British Armies in The Field, Sept. 28 (By Mail)—Realizing that Germany is facing a Waterloo in the air, the Prussian Higher Command has given orders that battle-planes must be conserved in accordance with the strictest economy lest the ever-increasing Amada or Allied aircraft sweep them from the skies. German airman seldom venture over the British lines while a strong East wind is blowing. To do so would mean that engine-trouble or any slight derangement of a plane would force a landing on this side of "No-Man's-Land." To the contrary they try to lure British airmen over on their side of the trenches when a strong West wind is blowing.

For the past few weeks the British have forced the fighting. The Boches have consistently run from the English unless the advantages were all in their favor. The British, flying miles behind the German lines, frequently are hard put to it to find a fight. Many a patrol, out on offensive duty, in default of battles in the air, have attacked infantry on the ground, or machinegunned the enemy's troops in reserve.

From this it must not be presumed that the Germans are cowards. British airmen know what courage is and they are first to give their enemy his due. When he fights, he fights like a demon. And he fights cleverly. The British never have a walkover. Every machine they bring down, means something. It is not like taking candy from a child.

It seems to indicate this; Germany is putting out aeroplanes as fast as the can. Sometimes quality is sacrificed for quantity and then their own airmen have to pay with their lives. Unable to increase the output of aeroplanes and realizing the importance of them the Higher Command has ordered severe economy.

The Germans fight warily, by order, for with America in the fight to add her immense machinery to that of her Allies and turn out countless thousands of planes, he sees his Waterloo in the air coming and hopes to stave it off as long as possible.

DOLLAR A YEAR TO THRIFT DIRECTOR

War Savings Committee to Wage Crusade for Thrift—To Sell Certificates

VANDERLIP IS CHAIRMAN

(By United Press.)

Washington, Oct. 31.—Twenty years ago Frank A. Vanderlip arrived in Washington to be private secretary to Lyman Gage, at that time Secretary of the Treasury.

Today Vanderlip, president of the largest bank in the United States, and the directing genius in corporations of world wide prowess, commanding a salary running way up in the thousands, is on Uncle Sam's payroll at \$1 per year.

Vanderlip is chairman of the War Savings Committee which will wage a nation wide crusade for thrift beginning next December. He is planning to sell \$2,000,000,000 worth of war-saving certificates in denominations as low as \$5.

He says he is going to hang onto his dollar a year job "until the war is won."

LAST SESSION NOT MOST TALKATIVE

Objections to "Abuses of Extension System" Cause Court Reports to Be Considered

ONLY FACTS ARE RECORDED

(By United Press.)

Washington, Oct. 31.—Most congressmen thought when the last session adjourned, it had been the most talkative in history, what with the war, taxes, the draft, and the boys in the trenches to make speeches about. With the last postponed number of the Congressional record containing earned "extension of remarks" speeches, it has been found that the volume is 300 pages shy of the previous high mark.

Representative Joseph Walsh, Mass., is largely responsible. Early in the session he began objecting to what he termed "abuse of the extension system." Amateur poems, essays on the war by precocious Johnny, just twelve years old, and the son of an important constituent, obituaries in verse and others were taboored.

One objection will kill any proposal to "extend." Walsh says a lot of the boys got pretty "sore" at him.

NATION'S CAPITAL GOES DRY TONIGHT

New Prohibition Law Goes Into Effect in District of Columbia at Midnight

IT CAN BE IMPORTED THOUGH

(By United Press.)

Washington, Oct. 31.—The first national capital in history goes "dry" at midnight tonight.

Under an act approved during the last session of congress, all saloons, wholesale liquor houses, restaurants and clubs must discontinue the sale of intoxicants before 12:01 a. m., November 1. Between three and four hundred establishments are affected.

Liquor can be imported into the District however, without going to the trouble to fill out an application blank or permit. Congressmen from dry states who like a little "snifter" occasionally, saw to that when the law was passed.

Police regulations are strict as to "clubs" and other methods commonly used in dry territories to evade the law. But in a private residence—or a Congressman's office for that matter—all the liquor a man can use may be kept.

With the nation's capital under control, dries are planning to press their campaign for countrywide prohibition with renewed vigor at the coming session of Congress. They barely missed success last session.

With the District of Columbia dry, a question of social niceties arises. Will State Dinners be dry, as in Bryan's grape juice days? Will President Wilson give up the Scotch highballs he enjoys after a game of golf? Neither the President nor Secretary of State Lansing are teetotalers. The capital is watching to see if they regard the action of congress as establishing or pronouncing a matter of public sentiment and usage.

Washington has had its share of famous bars. There was Shoemaker's, which shared with Hancock's, the bacchanalian affections of one of the masters of American drinking, Daniel Webster. The Gin Riekey was invented in Shoemaker's during the early nineties by Col. Joe Riekey of St. Louis.

Washington's most historic drinking bout was when Andrew Jackson was elected President. Jackson, when he got to Washington, remembered the men who put him there and invited "all the boys" to the White House for his inauguration. They came, in galluses and high, hob-nailed shoes.

On the lawn were vast tubs of champagne. They liked it almost as well as their own Bourbon. A Boston historian of the day called it a disgraceful mob.

During Cleveland's second administration, some of his most enthusiastic admirers got so intoxicated in a bar in the capital that prohibition sentiment got its start in Washington. A movement was started to drive "King Rum" from the capitol building. For years the movement made little or no progress. As pressure grew more determined the House took to adopting resolutions which by agreement would be held up by the Senate.

But about a decade ago the Senate got beyond control of the leaders and out from the capitol went liquor.

RED CROSS FOR JUNIORS

School Children Organized in Red Cross Units

(By United Press.)

Indianapolis, Ind., Oct. 31.—School children throughout Indiana are being organized into Red Cross units. The organization work is under direction of Ralph Sollitt of the Junior Red Cross society of Indiana. Members are given a special Red Cross button. Associations of children already in existence, are becoming affiliated with the Red Cross. Plans for the organization are far reaching and will give every child an opportunity to work for his country.

I Own A Liberty Bond DO YOU?

IS THE FREQUENT QUESTION THAT YOOU HEAR.

Each person who has subscribed for a Liberty Bond has loaned to his Country in time of its need, and has performed a patriotic service. Patriotism should be cultivated in every way. As we value the institutions of our Government and that the principles upon which they are founded may be strengthened and extended, we should all work together in a Spirit of Sacrifice.

We are engaged in a war that threatens the very life of our Nation. In order to "Make the World Safe for Democracy" we must win. In order to win—

Fourteen friends surprised Miss LaVerne Bishop Monday evening at her home east of Glenwood, the affair being a Halloween party. Hosts of pumpkin faces peeped from the shocks of corn, which were used to decorate the living room. The table was decorated with witches and lighted with a large pumpkin, which made a center for the table. Dainty refreshments were served to the following guests: the Misses LaVerne Bishop, Georgia Hunt, Florence Hinchman, Ruth Martin, Ava Gung, Delphine Rees, Catherine Laughlin and Mildred McMahon and Aaron Laughlin, Wendell Gung, Floyd Vickery, Samuel Kirkpatrick, John Looney, Merle Winkler and Dale Peters.

Dr. and Mrs. W. T. Lampton entertained with a high noon dinner today at their home in Milroy, honoring the sixteenth birthday of their daughter, Ellendore. A French basket of chrysanthemums embellished the center of the table and covers were laid for Dr. and Mrs. Lampton and daughter Ellendore, Mr. and Mrs. William Martin and son Thornton, Mr. and Mrs. Frank Power and Mrs. Arka Tompkins.

Miss Lampton will attend a theater party in Indianapolis this evening and see "The Bird of Paradise."

The Rushville chapter of D. A. R. will be represented at the state meeting of the organization to be held in Indianapolis next week by Mrs. Frank Jones, regent of the local chapter, Mrs. Will Dill, Mrs. Sarah Gullin, and Mrs. Ed Payne, the last three being delegates. The meetings will begin the evening of the sixth and continue until Friday morning, November 9. The report of the work of the local chapter will be given by Mrs. Jones. The meetings will all be held in the Claypool Hotel.

Mrs. Sam Young was hostess yesterday to fourteen members of the O. N. T. club and two guests, Mrs. L. B. Miller and Mrs. R. F. McClannahan, at her home in North Jackson street. The ladies sewed and knit for the Red Cross throughout the afternoon and a one course luncheon was served. Mrs. Ab Bowen will entertain the club in two weeks.

In honor of her fifth birthday, Marcelle Glidden entertained several little friends at her home near Raleigh last evening. The children played games suggestive of Halloween. Weir pumpkin faces and other Halloween emblems were used to decorate the home. Refreshments were served and miniature witches were given the children as favors.

Mrs. Ferd Retherford, Miss Margery Cax and Mrs. Ben Sparks were the visiting guests last evening, when Mrs. Lou Weeks entertained the members of the Tuesday evening 500 club at her home in North Willow street. After spending the evening over cards, the hostess served refreshments.

The members of the Sunshine Em-

Miss Ida Gardner, Contralto, and Harold L. Lyman, Flutist

Practically all of the prominent music lovers of Rushville and vicinity will be in the audience that will hear the program to be given by Miss Ida Gardner and Harold L. Lyman at the Main Street Christian Church, Friday, November 9th, at 8:15 p. m. These artists have been heard in a great number of the larger cities of the United States. Critics have been enthusiastic in their praise; they make concessions to the audience for those who are fond of old folk songs and old favorites and include some of these in every concert. They come here through the efforts of Hargrove & Mullin. Admittance is by complimentary ticket only and can be had by calling in person at the drug store or by request through the mail.—Adv.

broidery club will entertain their husbands with a six o'clock dinner this evening at the home of Mr. and Mrs. Ed Aiken in Raleigh. Decorations suggestive of Halloween will be carried out and a color scheme of yellow and black will be used on the table, where covers will be laid for thirty-six guests.

The members of the Jolly Dozen club had their first meeting of the season with Miss Margery Geraghty last evening, when she entertained them with a pitch-in supper and Halloween party. Weird games and contests significant of that season were played and the guests masked in Halloween costumes, added novelty to the affair. The Misses Hilda and Marie McKee, Helen and Anna Carroll, Frances and Margery Geraghty, Salome and Marie Schreicht, Margaret Kelly, Mary Ellen Carroll, Mary Moorman and Mrs. Buford Winship were the guests.

The announcement of the coming marriage of Captain McClelland of the 139th Field Artillery is one of interest here. The wedding will take place at Hattiesburg on Sunday and his bride is to be Miss Irene Millholland of Indianapolis. Her parents, Mr. and Mrs. W. F. Millholland, will accompany her to Hattiesburg for the ceremony. Captain McClelland is well known here and spent several days in this city before the sanitary detachment left.

Mrs. Edgar Kaufman of Indianapolis was the only visiting guest at the meeting of the S. E. T. Embroidery club, yesterday afternoon which was held with Miss Lucy Inlow at her home in North Perkins street, and all of the members were present but one. The ladies knit all afternoon and the hostess served refreshments in keeping with Halloween, gingerbread and pumpkin pie. In two weeks the club will be entertained by Mrs. Harry Kramer.

The members of the Tri Kappa sorority are being entertained this evening at the home of Miss Esther and Miss Helen Black in North Jackson street with a Halloween party. The sorority members will have a pitch-in supper. They are all planning to go masked.

The Misses Nettie Ormes, Reta and Frances Gilson, Rema Mahan and Mable Krammes and Robert Vredenburg and Lawrence Knecht are among those from this city, who will attend the masquerade ball at Connersville tonight.

Mrs. A. L. Gary is giving a little knitting party at her home in North Harrison street on next Tuesday afternoon as a compliment to Miss Erema Wilk whose marriage will take place November 10.

Mr. and Mrs. Theodore Abercrombie, Jr., are entertaining several friends this evening with a masquerade party at their home at 204 East Ninth street.

Mrs. Carl Carter is entertaining at dinner this evening, at her home in East Eighth street honoring the birthday of her husband which occurred today.

Mr. and Mrs. Rex Innis entertained with an informal party, Tuesday evening at their home in Milroy. A pitch-in supper was served and covers were laid for about thirty guests.

The Red Cross auxiliary at Milroy served a dinner at the McCorkle-Kitchen stock sale today. The food was donated and the proceeds were given to the Red Cross.

Mr. and Mrs. Frank Capp are giving a Halloween party this evening at their home in North Main street. The guests have been asked to mask.

The Country Cousin's club will be entertained with a Halloween party this evening at the home of Mr. and Mrs. Mari Gray, east of this city.

ARTICLES KNITTED HERE ARE SHIPPED

Box For Navy League Contains 29 Helmets, 28 Jackets and Scarfs and 35 Pairs Wristlets

WORK MANAGED BY THE D. A. R.

A box containing the knitted articles made for the Navy League by the women of this county was shipped to headquarters today. The work was managed by the D. A. R. and yarn distributed by them, but a number of women took part in making the 29 helmets, 28 sleeveless jackets, 28 scarfs and 35 pair of wristlets. The money for the yarn was raised by subscription here locally. These articles will go to the sailors on the Indiana battleship. One hundred and thirty hanks of yarn were used in making the supply.

The work was done after a request was made by Mrs. Beck, state regent of D. A. R., to the headquarters at Washington that the women of Indiana be allowed to do something toward making the sailors comfortable. The women in practically all of the states have also taken up the work.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now, and then to keep the kidneys and urinary organs clear, thus avoiding serious kidney disease.

SHOULD BE GOOD NEWS FOR BRYAN

Self-Government For India, Following War. Was What he Told English People

BELIEVED RADICAL MOVE

Plan Provides That Each Province Shall Have Own Legislative Council

By LOWELL MELLETT
(U. P. Staff Correspondent.)

London, October 10 (By Mail)—William Jennings Bryan will be glad to learn that self-government appears to be in sight for India. All friends of democracy, of course, will be glad, but Bryan particularly for he will not have forgotten the howl that arose when he told the English right here in London that self-government was due India as its right.

Announcement of the fact has been made in connection with the preparations for a visit to India by Edwin S. Montagu, New Secretary for India. This is the same Montagu, who before he became Secretary denounced India's government system as "too wooden, too ironie, too inelastic, too antediluvian" for modern needs. Explaining what it is hoped to accomplish the new Secretary made it clear he was voicing a government program, not his own ambition as a reformer.

This program, in his language is to take "substantial steps towards increasing the association of the Indians in every branch of the administration, gradual development of self-governing institutions, progressive realization of responsible government in India, as an integral part of the British empire." Liberals in England regard the steps being taken as one of the greatest advances for democratic government the world has witnessed. India with its large population divided into castes, races and religions, must have some experience of self government, they say, before the entire machinery is turned over to them.

A plan originating in India is being considered and may be acted upon favorably. This provides that each province of India shall have its own legislative council and administrative organization, under a British governor, independent of the Indian central government at first; gradually this central government would exercise the functions of a federal government.

Count Von Hertling is Appointed to Replace Michaelis, Amsterdam Dispatches Say

HE IS PAN-GERMAN SUPREME

(By United Press.)

London, Oct. 31.—Count Hertling has been named chancellor and the present chancellor, Dr. George Michaelis, has been shifted to prime minister of Prussia, according to an Amsterdam dispatch today.

Count von Hertling is at present premier of Bavaria. Recent dispatches have mentioned him repeatedly as being under consideration as German premier. He is now in Berlin, having arrived for a conference with the kaiser on Sunday.

Von Hertling is a pan-German and junker supreme. He is one of the older of the German statesmen and has repeatedly given evidence of his arrogant contempt for all government by the people.

COURT TO HAVE A PRESS GALLERY

Heretofore Reporters Had Hard Time in Getting News From Supreme Court

WILL BE GREAT ADVANTAGE

(By United Press.)

Washington, Oct. 31.—The Supreme Court may soon have a press gallery, just like baseball parks, race tracks, or Congress. The court plans to make its dear friends, the reporters, not only able to do their work better, but more comfortable.

Acoustics of the supreme court chamber—the old senate hall of Webster, Salhoun, and Randolph—make the arrangement somewhat difficult. Employees and representatives of the congressional press galleries are at work confidently, however.

When the first suggestion was made a quarter of a century ago that mere reporter person should be aided and encouraged in getting news of decisions promptly to the mere public, same austere judges thought revolution and chaos were near. But time works wonders and now the reporter stands a good chance of having real comfy working quarters in the Supreme Court of the United States.

AVIATOR ESCAPES FROM THE FLAMES

Major Bannatyne Drops to Earth in Blazing Machine—Recovering From Injuries

AT HEIGHT OF 1000 FEET

(By United Press.)

London, Oct. 10 (By Mail)—After one of the most miraculous escapes of the war, Major Bannatyne, D. S. O., is today recovering from his injuries in the Cirencester Hospital.

While flying alone at a height of more than 1000 ft. his engine caught fire. He headed the machine towards the ground. Within a few minutes the flames reached his feet. He climbed out of the seat and crawled along the body of the plane toward the tail while the blazing plane plunged towards earth. The flames reached him again. He swung himself off the frame and hung by his hands under the machine—now a mass of flames. Just before the glowering wreck struck the ground Bannatyne dropped. He fell into a plowed field and was picked up suffering from a broken arm, sores of cuts and with all his hair scorched to a crisp. The machine crashed into a shed and both were consumed by the flames.

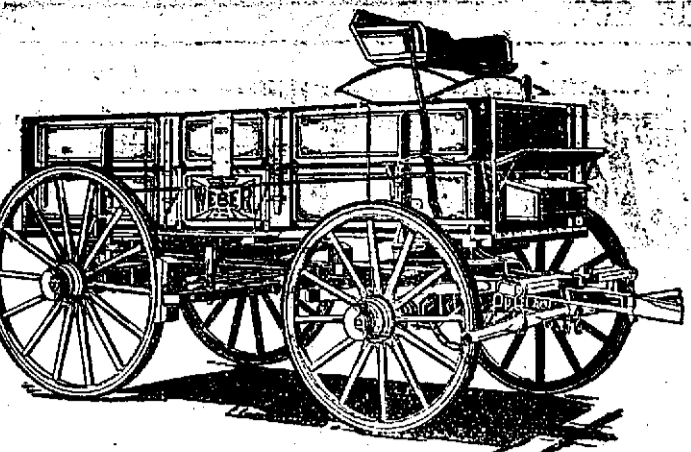

the aircraft we authorized, and a lot of the guns and military material we bought, won't have to be duplicated. But there'll be enough to raise to keep us busy. I think we'll have about a fifty-fifty split on taxes and bonds." This will necessitate greater profits taxes. The present rate is about sixty-five-thirty-five, with bonds on the long end.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch ! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service. These are all reasons why you should have a Weber wagon—that is— if you want a wagon for real work. Come in and let us show you.

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Dr. Edwards' Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

THANKS HELPERS IN BOND CAMPAIGN

Governor of Seventh District Federal Reserve Bank Congratulates All Who Aided

STATEMENT BY J. B. McDOUGAL

Statement is Issued Toady, Showing Subscription by Banks in the County.

A statement from J. B. McDougal, governor of the seventh district federal reserve bank at Chicago, has been received here, extending thanks to all who assisted in the successful campaign to get subscribers to the Second Liberty Loan. His statement follows:

"The Federal Reserve Bank of Chicago, fiscal agent for the United States Government in the sale of Liberty Loan bonds, desires publicly to express grateful acknowledgment to the Press, to the Liberty Loan Committees, to the Banks, Bond Houses and other organizations, and to the vast number of men, women and children who, with enthusiastic devotion, were responsible for the success attained in floating the Second Liberty Loan in the Seventh Federal Reserve District. That such a multitude of people should volunteer is a striking illustration of the spirit of patriotism inherent in the American people.

"Appreciation in equal measure also is expressed to the many hundreds of thousands of individuals and institutions that have so loyally placed their funds at the disposal of the Government by subscribing for the Liberty Loan."

The following report was made by the chairman in this county of the subscriptions to the Liberty Loan:

HORACE JONES IS ARRESTED AS A SLACKER

Continued From Page 1

Jones did not comply with either the spirit or letter of the conscription law when he registered, the local board states. He did not give any address when there was a blank on the registration cards for giving such information. He stated on the card that he was out of employment. Jones is a plumber by trade.

The board made public the fact that Jones had not appeared for examination when called in the regular order. It was published in local and Indianapolis newspapers. Jones' mother and other relatives live here and the board is of the opinion that Jones could have kept himself informed as to the status of his case if he had had the disposition to do so.

The conscription law leaves the burden on the registered man to learn when he is called for service. The man registering is asked to give his address so that the board may inform him when he is to appear, but it still remains his duty to find out when he should report.

It has been the policy of all selection boards to be lenient with slackers. In many cases here and elsewhere men who have not appeared before the board promptly have been examined when they did appear, providing the board was convinced they acted in good faith.

The conscription law provides a penalty, which is not merely being sent to the army. What shall be done in this case depends on the instructions received from the state conscription agent.

Jones' serial number is 757 and his order number is 91. He was among the first bunch of registered men called for examination.

—Mr. and Mrs. Ross Reeves and Mr. and Mrs. Will Kirkpatrick spent the day in Indianapolis and will see "The Bird of Paradise" this evening.

CAUSE OF DEATH IS TRACED TO INJURIES

Ralph Henley, 11, Son of Rue Henley of Carthage, Dies—Hurt at School Two Weeks Ago.

PERITONITIS THEN DEVELOPS

Ralph, the eleven-year-old son of Mr. and Mrs. Rue Henley of Carthage, died this morning at eight o'clock at the home of his parents, after a two weeks' illness. The little fellow was accidentally injured while playing at school, and although the injuries did not at first seem dangerous, peritonitis developed.

He had been seriously ill since that time, but during the past few days some little hope was maintained for his recovery.

He is survived by his mother and father, Mr. and Mrs. Rue Henley, three brothers and one sister. He is a nephew of Mrs. F. G. Hackleman of this city, who is a sister of Mr. Henley.

Days Pickings

That Rush county boys in the army remember and are loyal to their old home is demonstrated by the fact that Captain Perry Oneal, Company E, 334th Infantry, Camp Taylor, Ky., has purchased a five passenger touring car here which will be delivered to him. He finds that an automobile is absolutely essential in his work. He is located a mile and a quarter from the post-office and finds that is quite a hike to get his mail.

Miss Alleine Budd of this city, who is attending Northwestern university at Evanston, is taking a prominent part in the raising of the \$15,000 Student Friendship fund for the benefit of the army Y M. C. A. She is at the head of a committee of girls to obtain pledges. An interesting article on the launching of the campaign appears in the "Daily Northwestern."

Four more claims against estates have been transferred to the issue docket in the circuit court and will come up for trial. W. T. Lampton has a claim against the estate of Charlotte Innis for \$63. There are three claims against the estate of Mary Demmer as follows: D. D. VanOsdol, \$10.50; the Mauzy Co., \$11.63; George C. Wyatt & Co., \$195.

A. L. Gary was painfully burned on the right arm and right side of his face by a gas explosion in the furnace at his home this morning. Gas had collected in the bowl, but he had opened the door and thought he had allowed it all to escape when he opened the door and threw in a match. His hair on his eyelashes were also singed.

Albert Adkin, age 58, brother of Ed Adkins of Carthage, was found dead in bed at his home in Greensburg yesterday morning. His death was due to a hemorrhage. He had been suffering with tuberculosis. The funeral was held this afternoon at 2:30 o'clock.

William Fitzgerald, son of Mr. and Mrs. William Fitzgerald of North Sexton street, who has been at Newport, R. I., in training for service in the United States navy, has been transferred to Boston, according to word received by relatives here.

Word today from the bedside of W. A. Posey, former commissioner and clerk of the court, who recently underwent an operation at Cincinnati, is that he sat up at intervals yesterday and his condition is beginning to show some improvement.

Oneal Brothers have bought 143,750 pounds of wool this season, according to figures they have compiled. Business was about average this year, but prices were much higher than usual.

Mrs. Ella Smith who was operated on at the Dr. Sexton hospital recently, is doing very nicely.

ELEVEN ARE MISSING AFTER B. & O. FIRE

Continued From Page 1

The firemen succeeded in preventing the flames from spreading to the elevators.

Amusements

Lionel Barrymore will be seen at the Princess tonight in the play of tears and laughter, "The End of the Tour." In addition, Pathe News, which gives the most important world happenings, will be shown. In "The Maelstrom," billed for tomorrow afternoon and night, a story of self sacrifice, Earl Williams and Dorothy Kelly are featured.

A clever picture will be shown at the Gem this evening entitled "Betty, Be Good," in which popular Miss Jackie Saunders has the lead. Tomorrow afternoon and evening Valeska Suratt appears in the picture, "She."

TO PLAN RAISING OF ENDOWMENT HERE

Continued From Page 1

Four district superintendents, aside from the ministers, will attend the meetings here. They are to be Dr. C. E. Bacon of this district, Dr. Walker of the New Albany district, Dr. LaRue of the Moores Hill district, and Dr. Freeland of the Seymour district. President Hughes of Moores Hill college and the Rev. Mr. Cissina, field agent of the college, will be among those attending the conference.

At noon on Friday, the ladies of the church are preparing to serve dinner to the visiting ministers.
